I am writing in protest to the forced vaccinations to college and school aged children...and ANYONE ELSE for that matter. This is lunacy at the highest level, not to mention totally against our basic rights and liberties!!! Where does this madness end? What is this state going to do when everyone in their right mind wakes up and pulls their children out of public schools? Or when teachers join forces and walk out of classrooms all because the government wants to pound its chest, overreach "emergency" powers, and turn this country into another Nazi regime? It needs to stop now!!! The emperor has no clothes, and his constituents are no longer going along with the charade.

I ask that you do the right thing for our kids and our Constitutional Rights and oppose this power grabbing mandate.

Sincerely,

Valerie Wharton.
