Subject: Oppose Covid Vaccine for children

I strongly oppose mandated vaccine for children in Nevada schools. I have 2 children, one is 12 and the other is 7. Both have had covid. They, like many other children got it very mild and recovered within a few days. I do not wish them to have a vaccine that could be more harmful to them than the actual virus. It is my right as a parent to decide what is best for them. Do not mandate this experimental vaccine!
