Subject: Comment on mandatory COVID Vaccine

I'D LIKE TO KEEP MY IDENTITY ANONYMOUS, please and thank you.

Good day, after reading the email I received from CSN saying that 'students might have get a mandatory COVID vaccine' I was rethinking my decision on attending school this year. It is my first year going to college and the last thing I want is to get a mandatory vaccine. Just a reminder, the vaccine is still **NEW** and **I DON'T WANT TO GET IT YET**, I've seen videos of people having a negative reaction to the vaccine and also have read articles that the vaccine has having a **NEGATIVE EFFECT** on **YOUNG ADULTS THE MOST** (I am 18 by the way just so you can get the picture). Also lets say that if I get the vaccine what if it negatively affects my children in the future, what if it gives my children health problems? It is also 'kinda' going against the **CONSTITUTION** and **MY RIGHTS**, I really want to go to college and finish but I won't be able to do that if I am forced to get a vaccine, **I'M NOT READY TO GET**. It should be optional and we should continue socially distancing and wearing masks.
