Subject: Public comment. Opposition to imposed vaccination
Date: Monday, August 16, 2021 10:04:39 AM

Hello,

My name is Merissa Hannig.

I am a graduate of the Las Vegas public school system as well as a graduate of UNLV. I have two teenagers currently in the school system that will likely continue their higher education here as well.

This letter is to declare my emphatic opposition to mandated pharmaceutical products for Nevada students. The students in Nevada deserve to maintain their constitutionally guaranteed right to say no to drugs for any reason. It is a violation of Nuremberg code to force anyone to participate in a medical experiment (and with non-FDA approved drugs, these vaccines qualify as experimental). It is a violation of the first amendment to require anyone to violate his or her religious beliefs in order to participate in society and especially at publicly funded schools.

Thank you for your time and consideration in this exceedingly important situation,
Merissa Hannig
