---

Anyone who supports these Illegal, unconstitutional, unenforceable, immoral, unethical and Satanic forced inoculations is uninformed, unintelligent, uneducated, un American, or INSANE.

These are experimental medical gene therapies that have not been approved. They do not prevent Covid infection, and they don't prevent transmission of Covid, They have, however, caused tens of thousands of deaths and hundreds of thousands of injuries. There is no Delta variant nor is there a test for it or the mythical Covid. The Vaxx is a bioweapon, and IT IS DANGEROUS and anyone who says differently or tries to force it on anyone is living SCUM

Kindest Regards,  
Bill
