this is child abuse and no child should be forced to be a experimental lab rat, have you heard of the NUREMBERG CODE well maybe you need to familar yourself with it because this is a war crime and you people will be prosacuted for crimes against humanity , this is wrong and we know it and you people even know its wrong. parents have all legal rights for their children not the states . the vaccines are killing people its more deadly than the covid as of today the death rate from the vaccines are 5,366 and its growing everyday children die from them. you have no rights to go around killing children maybe talk with real doctors there is many out there against the vaccines. do you research otherwise you will have a HUGE LAWSUIT AGINST YOU signed by a concern citizen
