To Nevada Department of Health:

Please oppose mandatory Covid-19 vaccines for our Nevada college students. The right to say "no" to drugs for any reason is constitutionally guaranteed. It is a violation of Nuremberg Code to force anyone to participate in a medical experiment (and with non-FDA approved drugs, these vaccines qualify as experimental). It is a violation of the 1st amendment to require anyone to violate his or her religious beliefs in order to participate in society and especially at publicly-funded schools.

You know this will only lead to a massive lawsuit once again funded by the taxpayers.

Thank you,  
Roberta Long
