Subject: Please require COVID-19 Vaccines for All NSHE Students NOW
Date: Thursday, August 19, 2021 8:16:46 PM

Dear Members of the State Board of Health,

I am writing to urge you to require all NSHE students to get the COVID-19 vaccine. My husband and I are both UNR faculty members and we have spent the last year and a half doing our best to protect our family and community from Covid. Please help us do everything possible to keep our community healthy while providing our students with the safest possible learning environment.

Thank you,
Renata
