Dear Board Members,

Stop taking Citizens rights & freedoms away. Stop being discriminatory.

The students in Nevada deserve to maintain their Constitutionally guaranteed right to say "no" to drugs for any reason. It is a violation of Nuremberg Code to force anyone to participate in a medical experiment (and with non-FDA approved drugs, these vaccines qualify as experimental). It is a violation of the 1st amendment to require anyone to violate his or her religious beliefs in order to participate in society and especially at publicly-funded schools.

Please consider this when it's fully FDA approved. Please wait & consider this after full review/approval by the FDA.

Please do not take freedoms away from students.

Please consider your implications & responsibility to stand up for freedoms.

Please be bold with integrity in defending people's rights & liberties.

Thank you.

Signed a Concerned citizen of Las Vegas.

Wendy

Have a Wonderful day!!
