To Whom It May Concern,

I am writing to say that the masking, medical testing, and forced vaccinations of not only college students in Nevada, but all students in Nevada, is not only UNLAWFUL and UNJUST, it is UNCONSTITUTIONAL!

It is also a violation of the Nuremberg Code, A code agreed upon by the Allied Nations in 1947, in response to the unconscionable medical experiments and other atrocities of the Nazis during World War II.

STOP THIS MADNESS!

NOW!

Signed,

Dennis Eric O'Meara

Nevada Resident
