---

My name is Lori Gillem and I want to go on the record that I strongly oppose mandatory use of the COVID 19 vaccine on our Nevada students. Please put my opposition in record.

Students in Nevada deserve the ability to maintain their medical and religious freedoms. To force anyone against their will to take any medical treatment is a violation of their unalienable rights endowed by their Creator and guaranteed by the constitution. It is a violation of the 1st amendment to require anyone to violate his or her religious beliefs in order to participate in society and especially at publicly-funded schools. You must maintain medical and religious freedoms for the individual and not vote to mandate forced vaccinations as a requirement for public education.

Medical decisions and treatments are a personal choice of the individual, NOT the state!
