**Subject:** STOP THE MANDATORY VACCINE AT UNR  
**Date:** Monday, August 16, 2021 2:47:34 PM

---

Hello, I'm not sure how this is actually coming to our country, states and now our learning establishments! I am a concerned parent who just paid \$7,000 tuition for a semester of school for my daughter in her undergraduate year at UNR. We will not tolerate a mandate and will be retracting our funds if this is the direction the school or the state is taking. I WILL NOT have my family nor DI approve of anyone's family being mandated to take a NON FDA APPROVED nor ANY shot of vaccine if they for ANY reason do not wish to. This vaccine push for a flu symptom less fatal than the flu, needs to be stopped and a stand made. PLEASE be our voice in stopping the madness. Again, if this does go to a mandate, I would anticipate tons of people will be following suit.
