Subject: Vaccine mandate for ccsc students

Good morning,

I am sending this email to voice my opinion about vaccine mandates for ccsc students.

I am strongly against mandates for the covid vaccine.

There have not been long term testing and it is not FDA approved.

I'm not for the vaccine, as it has such a long way to go before proving effective.

I do not support vaccine mandates for anyone. The choice to get the vaccine should be strictly that A CHOICE, not to be forced to get it.

Thanks for listening,
Karmen Self-Forbes
