Subject: Protesting the DHHS mandate for forced vaccination
Date: Wednesday, August 18, 2021 9:38:34 PM

I am writing in protest to the forced vaccinations to college and school aged children. I feel that this is a violation to an individual's rights and could be detrimental to inject these young people with an experimental and not approved vaccine. This is a governmental overreach and needs to be stopped before it begins.
