Oppose mandatory Covid-19 vaccines for our Nevada college students. Students deserve to maintain their constitutionally guaranteed right to say "no" to drugs for any reason.

It is a violation of Nuremberg Code to force anyone to participate in a medical experiment (and with non-FDA approved drugs, these vaccines qualify as experimental).

It is a violation of the 1st amendment to require anyone to violate his or her religious beliefs in order to participate in society, including at publicly-funded schools.
