Hello!

I would like to introduce myself.

My name is Dudley Forest Chandler Jr. I am 43, this year.

I am the husband to my gorgeous wife and father to three healthy and amazing children. We live a decent and honest life. Very much unlike the first part of my life and very much unlike most in leadership roles of public service these days, it seems.

At six months old, my mother was kidnapped, raped and murdered. At two years, my father was also murdered; shot in the chest in a bar... Crazy, huh!? Well it didn't stop there. I never knew any of my fathers side of my family. I lost my Native American mother's entire lineage by the time I was in High school. Lummi Nation, if you truly have cultural interest. Needles to say more; I'm sure you can at most imagine, I am a survivor.

My family and I have contracted this man made virus that stems from (pat#7279327) that they are calling COVID-19 twice now, without any more illness than a head cold or common flu.

We, you, we all should know by now that the PCR tests never worked. They shut down the entire world on a lies, to strip us of our Independence. Our small to medium business and ability to sustain life without the support of big Gov and it's subsidiary mega Corporations was our 'American Independence'...

I am so dismayed in the complete lack of integrity and self-respect our public representatives and media have for themselves and their children. Why in anyone's right mind, go along with this blatant disregard for your God given Right to choose what happens to your body. When you look up these patents, will it be cognitive dissonance or complete lack of moral integrity that will have you deny the Truth

Here (pat#7151163) is the injection you are promoting for the injection industry and the CDC. Unfortunately, no one can deny this to be true. So before you say that this is all just 'TOO MUCH', look up the parent number and discern for yourself. Do you enjoy being lied to? Do you enjoy seeing children being psychologically abused by these policies? Are you and yours going to be survivors in this?

I didn't have anyone to tell me or show me how to survive. I had my god given abilities as we all have, when forced to use them. That includes our immune system.

I hope that you will do a simple google search on these patent numbers, build on that knowledge and Find your Strength to use it, to wake all you can to this unbelievable crime against humanity.

So you know, in order to survive, you must eliminate the threat!

I, nor my family and so many I know, vow to fight to the death, resisting. I hope you will too.

Good luck and May God be with you!
