Subject: Vaccine Mandates in Schools

Hello,

My name is Vernon Brooks. I have 2 sons. 1 graduated just this year, and the other is entering his senior year with CCSD.

I understand that there is a meeting scheduled on 8/20 to discuss the possibility of mandating the COVID "vaccine" for all students.

I vehemently oppose any notion of this. If such a thing were to be passed, I will have no choice but to remove my son from in-person learning at CCSD.

I wish for my opposition to be entered on the record.
