Good afternoon,

I would like to submit the following public comment:

The students in Nevada deserve to maintain their Constitutionally guaranteed right to say "no" to drugs for any reason. It is a violation of Nuremberg Code to force anyone to participate in a medical experiment (and with non-FDA approved drugs, these vaccines qualify as experimental). It is a violation of the 1st amendment to require anyone to violate his or her religious beliefs in order to participate in society and especially at publicly-funded schools. I implore you to support medical freedom for all Nevadans. Thank you for your time and consideration.

Respectfully,
Jen Southworth
