- NvLEND (Leadership and Education in Neurodevelopmental and Related Disabilities) graduate, 2017-2018
- March of Dimes Northern Nevada Nurse of the Year – Community Leadership, 1998
- Gabor, L. M. & Farnham, R. (1996). The impact of children with chronic illness and/or developmental disabilities on low-income, single-parent families. *Infant-Toddler Intervention, 6 (2), 167-180*

Melinda Hoskins, MS, RN, CNM, IBCLC

Professional Goals:

- To serve women's health care needs across the lifetime as a Certified Nurse-Midwife (CNM) and International Board Certified Lactation Consultant (IBCLC) in Nevada.
- To contribute as a CNM to the well being of young families through family-centered programs providing health care and information about key issues such as women's health issues and promotion of equitable access.
- To contribute as an IBCLC to building a community of support for the breastfeeding dyad under the variety of circumstances, both economic and social, which impinge upon that relationship in today's world. To contribute to professional and public health initiatives improving maternal health

in Nevada.

Summary of Qualifications:

- Thirty-eight plus years residence in rural Nevada counties (Mineral County, 1983-86, and Douglas County, 1986-present).
- Six months (in 2019) as one of two Certified Nurse-Midwives at Humboldt General Hospital, the critical access hospital in Winnemucca, bringing a rural perspective to the challenges of women and providers in a remote rural setting.
- One and one-half years' experience as a Certified Nurse-Midwife at the first USA Baby-Friendly free-standing birth center, with over 100 births in hospital and free-standing birth center. Practice included full-scope midwifery and women's health care.
- Providing education and support to breastfeeding mothers since 1977, with IBCLC certification since 1999.
- Over twenty years' experience in private health care delivery in rural Nevada, including family advocacy in helping rural Nevadans access resources within the local community and in the larger Northern Nevada community of health care providers..
- Sixteen plus years' experience in nursing education, including lecture and clinical supervision experience in graduate nurse practitioner program and both baccalaureate and associate degree pre-licensure and vocational nursing education. Clinical supervision: skilled nursing facilities and med-surg hospital floors for fundamentals, in-hospital labs on pediatric and obstetrical units. Received Outstanding Part-time Faculty Award from Western Nevada Community College 1994, as part of the first video-conferencing nursing education program in the state of Nevada.

Educational Background:

Credit Based Degrees:

- Frontier School of Midwifery and Family Nursing DNP program begun 4/2010, withdrew 10/2010 without prejudice during third term, due to workplace conflicts with educational program requirements.
- Community-based Nurse-Midwifery Education Program
Frontier School of Midwifery and Family Nursing Certificate in Nurse-Midwifery
Hyden, Kentucky May, 2004
- Loma Linda University, Graduate School MS in Nursing 1980
Loma Linda, California
Emphasis: Maternal-Child Nursing, consumer/professional education
- Walla Walla College BS in Nursing 1972
College Place, Washington

Certifications:

- International Board Certified Lactation Consultant (IBCLC) received October, 1999
- IBCLC # [REDACTED] expires [REDACTED]
- Certified Nurse-Midwife cert # [REDACTED] received 6/25/2004
- NRP and BCLS certifications maintained through 2020

Licensure

- Nevada RN # [REDACTED] expires 01/26/2023, CNM/APRN # [REDACTED], expires 01/26/2023
- California RN #..... and NMW [REDACTED] inactive status
- National Provider Identifier number [REDACTED]

Professional Memberships

- American College of Nurse-Midwives (ACNM)
- Association of Women’s Health, Obstetrical and Neonatal Nurses (AWHONN)
- American Association of Birth Centers (AABC)
- Inactive member International Lactation Consultant’s Association (ILCA) and US Lactation Consultant Association (USLCA)

Work Experience:

May 2019 to November 2019 Staff Midwife at Humboldt General Hospital, Women’s Health Center of the HGH Rural Health Center, Winnemucca, NV

July 2012 to present Owner, principle provider Melinda Hoskins CNM, Ltd, Minden, NV
Dba Carson Midwifery & APRN Clinic
707 N. Minnesota St, Ste C, Carson City,
Providing women’s primary care, gynecologic services, prenatal and homebirth care and lactation support.

Nevada Early Intervention Services

Supervisor: Rique Robb
Aging and Disability Services Division, DHHS
Carson City, NV 89512

May 2015- Present

Clinical Program Manager II: Responsibilities include a variety of high- and low-level decision making for a state ran federal, human services program with a \$37 million annual budget. I oversee the southern Nevada region including Clark County urban and rural, Nye County, Lincoln, and Esmeralda County. Within those counties I oversee 20 cities, rural and frontier areas.

Program Planning- I interpret federal guidelines of IDEA, create policies and procedures to ensure compliance of federal requirements, and ensure that the NRS and NAC are implemented both ethically and litigiously. Examples include but are not limited to staffing and professional licensures, timeliness of services for clients, standardization of forms and methods of service delivery.

Budget- I collaborate with program managers, deputies and fiscal to build budgets for each biennium. I have oversight of all budget categories for the southern region, to ensure expenditures are within the budgeted authority. I modified and implemented the previously developed plan to streamline the process and payment for contractors on service agreements. By modifying the current process has allowed NEIS to have more consistency in the services from the providers. I manage caseloads to ensure the caseloads do not exceed the budgeted authority. Oversee the scheduling process to ensure that children within the budgeted authority are served in a timely manner. Decision making and approval for the purchase of supplies, equipment, project funding for contract staff for the fiscal year, review and approve budget spreadsheets before sending to fiscal department.

Staffing- I oversee over 147 state employees including physicians, psychological developmental counselors, registered dieticians, speech and language pathologists, developmental specialists, and clerical. I also coordinate and oversee compliance with approximately 30 professional individual contractors, 13 independent contracted companies. I directly supervise clinical program managers, Sr. physicians, psychologist, audiologists, and administrative assistants. I develop and revise work performance standards. Complete thorough employee appraisals. Interpret prohibitions and penalties to ensure that myself and supervisors implement progressive discipline and follow the NAC and NRS to ensure employee rights are not violated in the process. Conduct staffing hire interviews, sign the requests to hire packets and may be listed as agency reviewer with Department of Human Resource Management (DHRM).

Staff Development- I ensure that there are opportunities for on-going monthly staff training development, staff-supervisor parallel process development, leadership and team meetings and staff strength-based program designs. Currently there are opportunities for licensed staff to receive CEUs at least twice a year. In addition, I ensure that the process of formal and behavioral interviewing and hiring continues (using the NAC guidelines) for all staffing levels, on-going informal staff meetings with the manager for

Fatima Taylor

communication outreach, morale booster committee and peer support, a “care bear team” for staff resources when child pass away on their caseload, monthly spirit days, and beautify the workspace program.

Contracts- I worked on revising provider agreements rates and attachments so it could be presented to the Board of Examiners for approval. I have oversight and authority over 13 provider agreements, and memorandum of understandings with inter-local entities. Examples include but are not limited to:

Genetics with the University School of Medicine department of Family Services (Clark), Public-Private partnerships with Easter Seals of Nevada, Autism Treatment and Assistance Program, Clark County Parks and Recreation, City of Las Vegas Parks and Recreation centers, Clark and Pahrump school districts, local community therapy businesses, and University of Nevada Las Vegas Special Education Department.

Quality Assurance and Program Performance-I oversee and monitor the internal quality assurance process for early intervention. This includes annual self-assessment that monitors quality assurance and program development. This team will provide provider certification for private providers and training to state employees as well as private providers.

Nevada Early Intervention Services

Supervisor: Ellen Richardson-Adams
1161 South Valley View Blvd.
Las Vegas, NV 89102

September 2011 to May 2015
Grade 39

Clinical Program Manager 1/Health Program Manager 3: Program Planning and Development-Interpret federal guidelines of IDEA as well as Health Division policies and procedures. Ensure compliance of the federal and division requirements. Create, review and revise policies and procedures that include but not limited to: staffing and professional licensures, timeliness of services for clients and standardization of forms and methods of service delivery. Developed and oversee the processes of eligibility meetings and clinic and evaluation services. I also developed policies and procedures and oversee the management of the motor pool cars. I have participated and facilitated work groups for program goals and objectives to modify the service delivery model. Developed and implement the assignments of Developmental Specialists and therapists’ caseloads. Supervise the only accredited Craniofacial Clinic in Nevada. Facilitate and participate in workgroups with stakeholders to modify the service delivery model. Budget- I reviewed and revised internal control procedures. Signature approvals for the following but not limited to community provider bills, provider agreements, travel claims and motor pool reports. I had total budget authority of \$2 million. I managed Developmental Specialists and therapists’ caseloads to ensure the caseloads do not exceed the budgeted authority. Oversee the scheduling process to ensure that children within the budgeted authority are served in a timely manner. Decision making and approval for the purchase of supplies, equipment, project funding for contract staff for the fiscal year, review and approve budget spreadsheets before sending to fiscal department. Complete data and statistics for MCH funding and performance measures both monthly and annually.

Staff Supervision-develop and revise work performance standards. Complete thorough employee appraisals. Provide coaching, mentoring, and training and recognition. Interpret prohibitions and penalties to ensure that myself and supervisors implement progressive discipline and follow the NAC and NRS to ensure employee rights are not violated in the process. Conduct staffing hire interviews, sign the requests to hire packets and may be listed as agency reviewer with DHRM.

Community Relations- Teamed with various entities such as the NV Lend Foundation to improve services for early detection of Autism, DHHR created opportunities for continuity of care and maternal

Fatima Taylor

child health programs to provide better access for families to healthcare. Collaborate with Part C on policy development and implementation for training and program coordination. Governor appointed board member of the Interagency Coordinating Council to ensure the members and public have a clear understanding of policies, procedures, and service delivery for early intervention services.

Quality Assurance and Program Performance-I oversee and monitor the internal quality assurance process for early intervention. This includes annual self-assessment that monitors quality assurance and program development. I was the chair of the Quality Improvement Committee for the Health Division. This statewide committee provides technical assistance to quality improvement project teams in the Health Division. I participated in the development of the strategic plan for the Health Division to attain Public Health Accreditation. I am a certified grant writer. This certification can be used to access funding needed to continue quality improvement and program services performance.

Laws and Legalities-I have been asked to be a hearing officer. I interviewed various parties and gathered information and assisted human resources in determining the outcome of the investigation.

Nevada Early Intervention Services

Supervisor: Paula Crawford
1161 South Valley View Blvd.
Las Vegas, NV 89102
Retired

Nov. 2005 to September 2011
Grade 37

Developmental Specialist IV Position: Staff Supervision- I directly supervised 6-10 staff including professional and para-professional staff. I developed work performance standards and complete thorough employee appraisals for professional and paraprofessional staff. I review staff's clinical documentation and report writing on a monthly basis in order to provide coaching, training, recognition, and opportunities for professional growth. I maintain positive and effective working relationships with peers and subordinates. I also initiated progressive discipline for staff when needed.

Administrative Support-I prepare and interpret statistical data and reports for the Health Program Manager III when requested. This information is pertinent for the agency to follow the federal regulations and timelines of Part C IDEA law and budget allocations. I developed and supervised the scheduling process for eligibility meetings, evaluations, and clinic services as well as the motor pool process and procedures. I am tasked to streamline these processes that produce a cost savings, adhere to the budget allocation guidelines, and increase revenue for the agency. I have been trained on the administration of budgetary accounts. I am an authorized signer for documents such as purchase orders, provider agreements and travel claims. I participate on interviews panels for paraprofessional and professional staff. I develop policies and procedures. I have managed the agency on occasions when the Program Managers were out of the office.

Trainings-On a monthly basis I team with a Psychological Developmental Counselor to provide staff team building tools. Also provide all staff with quarterly trainings on various topics that promote professional growth and educate them on developmental issues (including social emotional health for infants and toddlers as well as Autism).

Budget-Team with the Health Program Manager III to assign children to Development Specialist within the budgeted caseload for the fiscal year. I had total budget authority of \$1 million. Ensure that the caseload capacity does not go over the budget authority as well as keep workloads equitable. I also developed a plan to assign professional and paraprofessional staff to serve families in certain zip codes areas. This was time management efficiency as well as a cost savings to the budget because it decreased the amount of travel claim amounts for monthly reimbursement. Gave recommendations of supplies and equipment needs for the Development Specialists and therapists to provide ongoing services to families. Revised procedures for the scheduling department. As the supervisor of the

scheduling department, I ensured that children within the budgeted authority received eligibility services in a timely manner.

Community Relations-I team closely with community stakeholders. I attend meetings with various state agencies and community stakeholders in place of the Health Program Manager and Clinical Program Manager. I am a liaison between the collaboration of my agency and the Early Head Start Program. I also team with colleagues to streamline the process of referrals from the Child Abuse Prevention and Treatment Act (CAPTA) in conjunction with Department of Family Services for children that need developmental services. I also team with Early Childhood Services to address the mental health issues that may arise with some of the families.

Nevada Early Intervention Services/First Step Program

January 2000 to November 2005

Supervisor: Cheryl Means

Grade 35

1161 S. Valley View Blvd.

Las Vegas, NV, 89102

Retired

Developmental Specialist III-Direct Service- provided developmental and support services to children in an individual or group setting. The children on my caseload had a variety of developmental delays, syndromes, behavior, and social emotional concerns. I developed and implemented treatment and family service plans. I provided direct services and case management (licensed to bill Medicaid for my services), coordinated community resources, and provided education and strategies to family members, other agencies, and community providers. My average caseload was 15-23 children.

I administered assessment tools to determine eligibility for services. For example, ELAP, DOCS, IDA, and HELP. I was also trained on several methodologies for working with children with Autism such as PECS, PRT, ABA and discrete trial. I was trained and administered the Autism Diagnostic Observation Schedule (ADOS), which is an instrument for diagnosing and assessing Autism.

Staff Supervision- I supervised approximately 6 people. I developed work performance standards and completed thorough employee appraisals for professional and para-professional staff. I reviewed staffs work on a monthly basis in order to provide recognition, coaching, training, and opportunities for professional growth. I train staff to administer assessment tools to determine eligibility for services.

Budget-Teamed with other supervisor staff and program managers to build Developmental Specialists' caseloads to capacity without going over the budgeted caseload for the fiscal year. In supervisor meetings gave recommendations of supplies and equipment need for the Developmental Specialists and therapists to complete eligibility meetings as well as providing on going services to families. I was trained to administer the Autism Diagnostic Observation Schedule (ADOS) which is an instrument for diagnosing and assessing Autism.

First Step Program

October 1997 to January 2000

Supervisor: Jonna Hansmier

Grade 27

3750 E. Flamingo Ste110

Las Vegas, NV

Public Service Intern- I attended in service trainings and trainings in the community to enhance my skills and increase my knowledge of how to work with families and children with special needs. I participated and facilitated parent and sibling support groups. I provided trainings on toilet training and behavior modification.

Under the direct supervision of a Development Specialist, I assisted with facilitating the development of social, self-help, and behavioral skills. I also conducted developmental and behavioral assessments to determine eligibility for the program and monitor progress. Developed service plans with the Development Specialist and family. Assisted families in accessing resources in the community or clinical setting.

I developed and participated with Development Specialists in developmental play group settings for children with various developmental needs.

Principal Investigator; Faculty Mentor: ACGME-required Resident Quality Improvement Project:

Part A: Universal HIV Screening in the Emergency Room: 2017 to present
Co-investigators: Rosanne Sugay, MD, Jerry Cade, MD, J.D. McCourt, MD
Part B: Universal HIV Screening in Labor & Delivery Triage: 2018 to present
Co-Investigators: Rosanne Sugay, MD, Jerry Cade, MD
UNLV IRB approval: 2019; UMC IRB approval: 2020

Residents 2017-2020: Kevin Tran, MD, Ankita Raman, MD, Alice Lee, MD, Prachi Kasar, MD, Katherine Hom, MD, Erica Jacovetty, MD, Kajal Verma, MD
Medical student 2020-2021: Jessica Hill

Rosanne M. Sugay, Marsha Matsunaga-Kirgan, JD McCourt, Dennis Fuller, Jan Richardson. "Establishing an emergency department opt-out HIV screening program: preliminary results and lessons learned", 2020 August 11-14. One hour Oral Presentation of results at the Virtual 2020 National Ryan White Conference on HIV Care & Treatment. Presenter: Rosanne M. Sugay, MD

Submitted abstract: Jessica Hill, Kajal Verma, Kevin Tran, Alice Lee, Prachi Kasar, Marsha Matsunaga-Kirgan. "Quality Improvement: Implementation of

Universal HIV Screening & Lessons Learned". Submitted to Virtual 2021 Annual Clinical Meeting of American College of ObGyn

Submitted abstract: Kajal Verma, Jessica Hill, Rosanne Sugay, Jerry Cade, Ankita Raman, Marsha Matsunaga-Kirgan. "Identifying Barriers to Universal HIV Screening in Labor and Delivery Triage". Submitted to Virtual 2021 Annual Clinical Meeting of American College of ObGyn

Co-Investigator with D. Jackson: Indicated Deliveries at Less Than 39 Weeks. IRB approval.

Residents: Bobby Brar, MD, Pooja Patil, MD

Accepted as a poster presentation at the Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, Nashville, TN. May 3-6, 2019

Jackson DN, Kirgan MM, Patil P, Brar B, Parr A, Belilovets A. Why Do We Delivery? A Closer Look at Indicated Deliveries Scheduled Less Than 39 Weeks. Obstetrics & Gynecology, 133:220S, 2019

Sub-investigator with D. Jackson: Reverse Sequence Treponemal Screen: False Positives While Trying to Prevent Congenital Syphilis. IRB approval.

Resident: Katherine Hom, MD

Oral Presentation "Controversies in Syphilis Screening: A Paradigm Shift in Pregnant Versus Non-Pregnant Patients Tested with a Reverse Sequencing Technique. UNLV SOM Resident Research Day, May 31, 2019, Presenter: Katherine Hom, MD

Accepted as a poster presentation: Hom, KA, Jackson DN, Kirgan MM. "Reverse Sequence" Treponemal Screen (RSTS): False Positives While Trying to Prevent Congenital Syphilis. ACOG District V, VII, & IX 2019 Annual District Meeting, October 5, 2019

Principal Investigator: Titrated Oral Misoprostol for Labor Induction (prospective, randomized, double-blinded): 2009 to 2018

IRB Approved in 2009, re-approved annually.

Resident Involvement: Jessica Fu, MD, Amy McDonald, DO, Patty Kennel, MD, Hilary Allen, MD, Katherine Hom, MD

Abstract "Randomized, Double Blinded Comparison of Titrated Oral Versus Vaginal Misoprostol for Labor Induction": Poster Presentation at the 66th Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, Austin, TX, April 27-30, 2018; Presenter: Patricia Kennel, MD.

Kennel P, Fu J, Frisch D, Hom KA, Allen H, Kirgan MK. Randomized Double-Blinded Comparison of Titrated Oral vs Vaginal Misoprostol for Labor Induction. Obstetrics & Gynecology, 131:158S, 2018

Oral presentation at the May 11, 2018 Annual School of Medicine Resident Research Day: Presenter: Hilary Allen, MD. Awarded 3rd place.

Faculty Mentor: ACGME-required Resident Quality Improvement Project: Follow-up of Pending Labs from Triage: 2013 to 2017

Residents: Yusria Malik, MD, Soyoun Lee, MD, Tiare Evans, MD, Joseph Shea, MD

Principal Investigator: Pyelonephritis in Pregnant Women in Southern Nevada (retrospective chart review): 2010 to 2014

IRB Approved in 2010, re-approved annually.

Resident Involvement: Jessica Fu, MD, Tamir Rogson, MD, Wilfredo Torres, MD

Medical Student Involvement: Tamir Rogson, MSIV, Yusria Malik, MPH, MSIV

Abstract "Pyelonephritis in Pregnancy: Organisms and Antimicrobial Resistance Trends in Southern Nevada" accepted as a Poster Presentation at the 60th Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, San Diego, CA, May 5-9, 2012; Presenter: Tamir Rogson, MD. Published in journal Obstetrics & Gynecology.

Selected as an Oral Presentation at the Bierkamper Student Research Convocation, Reno, NV, January 9, 2013. "Pregnancy Pyelonephritis in Southern Nevada: Responsible Organisms and Antimicrobial Resistance Trends over the Last 10 Years" Presenter: Yusria Malik, MPH Mentors: Tamir Rogson, MD and Marsha Matsunaga-Kirgan, MD

Selected as an Oral Presentation at American Institute of Ultrasound in Medicine Annual Convention, April 2014. "Is Maternal Renal Ultrasound Useful for Managing Acute Pyelonephritis in Pregnancy?" Presenter: Wilfredo Torres, MD

Principal Investigator: Outpatient Misoprostol in the Management of Postdate Pregnancies (prospective, randomized, double-blinded, placebo controlled): 2006 to 2014

IRB Approved in 2006, re-approved annually.

Resident involvement: Krystal Pham, MD, Ryan Young, MD, Elena Zenkin, MD

Oral Presentation at 2007 Annual ObGyn Paper Day by resident Krystal Pham, MD

Oral Presentation at 2009 Annual ObGyn Paper Day by resident Ryan Young, MD:

Awarded First Prize

Abstract "Outpatient Misoprostol in the Management of Postterm Pregnancies": Poster Presentation at the 60th Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, San Diego, CA, May 5-9, 2012; Presenter: Elena Zenkin, MD. Published in journal Obstetrics & Gynecology.

Selected as an oral presentation at the 2014 UNSOM Resident Research Day. Presenter: Elena Zenkin, MD

Co-Investigator: Characteristics of Women Undergoing Tubal Ligation in Southern Nevada (retrospective chart review): 2009 to 2014

Primary Investigator: Echezona Ezeanolue, MD

IRB Approved in 2009; re-approved annually

Resident Involvement: Laura Rosenfield, MD, Elena Zenkin, MD

Medical Student Involvement: Caroline Graham, MSIII

Oral Presentation January 29, 2010 at the Western Regional Student Research Forum 2010 in Carmel, CA Presenter: Caroline Graham, Title: Characteristics of Women Undergoing Tubal Ligation in Las Vegas, NV

Abstract "Bilateral Tubal Ligation: Does Intent Equal Action for Women who Desire it?" accepted as a Poster Presentation at the 59th Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, Washington, DC, April 30 - May 4, 2011; Presenter: Laura Rosenfield, MD. Published in journal Obstetrics & Gynecology.

Faculty Mentor: ACGME-required Resident Quality Improvement Project: Improvement in Management of Abnormal Fetal Heart Tracings: 2013 to 2015

Residents: Jyoti Desai, MD, Neetu Cheema, MD, Elena Zenkin, MD

Co-Investigator: Awareness and Perceptions of Umbilical Cord Blood Banking Among Pregnant Women (prospective): 2009 to 2011

Primary Investigator: Echezona Ezeanolue, MD

IRB Approved in 2009

Medical Student/Intern Involvement: Wilfred Torres, MSIV, then ObGyn Resident; Shilpa Shahani, MSIV

Accepted for oral presentation at the 2011 Western Regional Student Research Forum in Carmel, CA. Presenting author: Shilpa Shahani, MD, Title: Impact of Educational Intervention on Willingness to Donate Umbilical Cord Blood (UCB)

Abstract "Cord Blood Banking among Pregnant Women: Awareness, Knowledge and Attitude" accepted as a Poster Presentation at the 59th Annual Clinical Meeting of the American College of Obstetricians and Gynecologists, Washington, DC, April 30 - May 4, 2011; Presenter: Wilfredo Torres, MD. Published in journal Obstetrics & Gynecology.

Presented at UNSOM Resident Research Day: 6/3/11: "Awareness, knowledge and perceptions of umbilical cord blood banking among pregnant women" and "Can education change perceptions of pregnant women towards umbilical cord blood banking?" Presented by residents Shilpa Shahani, MD (pediatrics) and Wilfredo Torres, MD (ObGyn).

Awarded first place.

Principal Investigator: Access to Prenatal Care. Survey development: 2012-2013.

Co-Investigator: Theresa L. Bohannon, MPH, Maternal & Child Health Epidemiologist, Nevada State Health Division
Resident involvement: Neetu Cheema, MD

Principal Investigator: Analysis of Resident Documentation after Operative Vaginal Delivery (retrospective chart review). Quality Improvement Project: 2012 to 2013

IRB approved in May, 2012.

Resident Involvement: Matthew Grolle, MD

Medical Student Involvement: Iolanda Edsall, MSIII

Selected as an oral presentation at the 2012 UNSOM Resident Paper Day, presenter Matthew Grolle, MD, June, 2012

Selected as an oral presentation at the 2013 CREOG and APGO Annual Meeting in Phoenix, AZ, February 27 to March 2, 2013 Co-authors: Vani Dandolu, MD and Marsha Matsunaga-Kirgan, MD

Co-Investigator: Maternal Mortality at University Medical Center (retrospective chart review). : 2010

Resident involvement: Jessica Fu, MD

Oral Presentation on April 16, 2010 by resident Jessica Fu, MD, at the 2010 Annual UNSOM ObGyn Paper Day

Co-Investigator: New Therapeutic Targets for Treatment of Preterm Labor (prospective). IRB approved in May 2011 to 2014. Primary Investigator: Iain Buxton, PhD

LA County-University of Southern California School of Medicine: 1989-1990
Division of Reproductive Endocrinology.
Michael Vermesh, MD (Senior project: Ectopic gestations)

George Washington University School of Medicine: 1985-1986
Division of Reproductive Endocrinology
Rajesh D. Naz, PhD & Robert J. Stillman, MD (In-Vitro Fertilization)

UCLA Schools of Dentistry and Medicine: 1979-1981
W. Roderick Hume, DDS, PhD (Dept. of Oral Biology) & John A. Bevan, MD (Dept. of Pharmacology)

CONFERENCE FACULTY OR INSTRUCTOR

Didactic education program for the department: organize, arrange guest speakers, etc.: 2019 to 2020

Advanced Life Support in Obstetrics Course, Las Vegas: July 17, 2020
Taught Workshops for: Assisted Deliveries, OB Cases

Preceptor for 4th year electives in obstetrics: 2002 to 2019

Quality Improvement Projects: Implemented, organized and oversaw the quality improvement program in the ObGyn department: 2012 to 2020

Arranged set of review lectures focused on the CREOG Educational Objectives: 1 General Considerations, 2 Obstetrics, 2 MFM, 1 Critical Care & Surgery, 1 Focused Areas of Gyn, 1 Other Gyn, 2 Oncology, 2 Reproductive Endocrinology, 1 FPMRS, 1 Non-ObGyn Office Practice, 1 Most Missed Questions: 2018-2020

Workshop Instructor & Simulation Instructor: 2019 Annual Clinical Meeting of the Society of Ob/Gyn Hospitalists, September 27-30, 2019, La Jolla, CA

Advanced Life Support in Obstetrics Course, Southern Hills Hospital, Las Vegas: July 19, 2019

Presented & led discussion on an Eclampsia OB Case

Advanced Life Support in Obstetrics Course, Las Vegas: July 3, 2019

Taught Workshops for: Shoulder Dystocia, Assisted Deliveries, Maternal Resuscitation, Postpartum Hemorrhage, OB Cases

Workshop Instructor & Simulation Instructor: 2018 Annual Clinical Meeting of the Society of Ob/Gyn Hospitalists, September 27-30, 2018, Cleveland, OH

Advanced Life Support in Obstetrics Course, Las Vegas: July 27, 2018

Taught Workshops for: Shoulder Dystocia, Malpresentations, Postpartum Hemorrhage, OB Cases

Advanced Life Support in Obstetrics Course, Las Vegas: May 14 & 15, 2018

Taught Workshops for: Maternal Resuscitation, Postpartum Hemorrhage, OB Cases

Arranged set of review lectures for the residents' annual CREOG exam 2018: Reproductive Endocrinology lecture; Gynecologic Oncology lecture; 2 Obstetrics lectures; Minimally Invasive Surgery lecture

Workshop Instructor & Simulation Instructor: 2017 Annual Clinical Meeting of the Society of Ob/Gyn Hospitalists, September 24-27, 2017, New Orleans, LA

Arranged set of review lectures for the residents' annual CREOG exam 2017: 2 Reproductive Endocrinology lectures; 1 Primary & Preventive Ambulatory Health Care lecture; 1 Gynecologic Oncology lecture; 2 Obstetrics lectures; 1 Gynecology lecture; 1 Minimally Invasive Surgery lecture

Workshop Instructor: 2016 Annual Clinical Meeting of the Society of Ob/Gyn Hospitalists, September 28 to October 1, 2016, in Broomfield, CO

Arranged set of review lectures for the month prior to the residents' annual CREOG exam 2016:

Obstetrics; General Gynecology; Gynecologic Oncology; Reproductive Endocrinology; Primary & Preventive Care

Core Topic Series: July, 2015 to 2017: organize weekly sessions run by a senior resident + attending to accomplish the following:

- 1) promote resident self-study on a regular basis throughout the year
- 2) cover the entire curriculum proportionately to the emphasis on the Boards
- 3) review Board-type questions

Topics covered on the ObGyn Boards will be broken up into weekly blocks to cover the entire curriculum over a two year period. Over the

course of the 4 year residency, each resident will have gone through all the subjects twice.

Advanced Life Support in Obstetrics Course, Las Vegas: July 13-14, 2017
Taught Workshops for: Shoulder Dystocia, Malpresentations, Assisted Deliveries, Maternal Resuscitation, Postpartum Hemorrhage, OB Cases

Workshop Instructor: 2015 Annual Clinical Meeting of the Society of Ob/Gyn Hospitalists in Scottsdale, AZ, November 11 to 14, 2015

Interdisciplinary Conference: quarterly, September 2012 to 2014
Organize the structure and arrange the guest participants. Conference moderator.

September 2012: "Case of fetal Meckel Gubler Syndrome": to illustrate how coordinating care ahead of time can improve quality of care. OB resident and perinatologist presented the antepartum evaluation, and neonatologist will present the neonatal care.

November 2012: "Case of Maternal cardiac arrest/demise: What happened?" : Guests: ER MD, ObGyn resident (Perimortem cesarean; hysterectomy), Neonatologist, Pediatric Hematologist

February 2013: "Case of Fetal Tachycardia": Guests: Pediatric cardiologist; Perinatologist, Neonatologist

April 2013: "Case with Severe Fatal Anomalies: Ethical Dilemma": Guests: Co-chair of UMC Ethics Committee; Clark County Deputy District Attorney; Pediatric Geneticist; Hospice RN; Hospice Social Worker

June, 2013: "Gastroschisis & Diaphragmatic Hernia": Perinatologist Dr. D. Jackson, Neonatologist Dr. Banfro, & pediatric surgeon Michael Scheidler.

September 2013: "Recommendations from other disciplines": Guests: UMC Patient Safety Network, Root Cause Analysis; UMC Data Specialist; Lactation Specialist; L&D Manager; Neonatologist

December 2013: "Care of the HIV Patient": Guests: MD from So. NV Health District Office of HIV/AIDS/STD's; MD Director of Maternal-Child HIV Program; Perinatologist; HIV Specialist Pharmacist

November, 2014: "Viral infections in pregnancy" : Perinatologist D. Jackson & Neonatologist Kanayo Ezeanolue, MD

Advanced Life Support in Obstetrics Course, Las Vegas: July 7 & 8, 2016
Taught Workshops for: Shoulder Dystocia, Malpresentations, Assisted Deliveries, Maternal Resuscitation, Postpartum Hemorrhage, OB Cases

Basic Life Support in Obstetrics Course, Reno: June 22, 2016
Taught Normal Delivery, Shoulder Dystocia, Maternal Resuscitation, Postpartum Hemorrhage, Hypertension & Preterm Labor Cases,
Participants: for the entire UNSOM medical student class transitioning into their clinical rotations

Advanced Life Support in Obstetrics Course, Las Vegas: July 21 & 22, 2015
Taught Practice Workshops for Shoulder Dystocia, Assisted Vaginal Delivery, Postpartum Hemorrhage, Fetal Surveillance, Malpresentations, OB Cases.

Advanced Life Support in Obstetrics Course, Las Vegas: July 8 & 9, 2013
Taught Practice Workshops for Assisted Vaginal Delivery, Shoulder Dystocia, and Postpartum Hemorrhage.

UNSOM DFCM-LV Care Team OB Course, L&D RN's at UMC and Southern Hills hospitals, Las Vegas: January 17, 2013
Facilitated workshops in Leadership, Situation Monitoring, Mutual Support, Communication, Simulation Drills, Action Steps

Advanced Life Support in Obstetrics Course, Las Vegas: January 15-16th, 2013
Taught workshops in Assisted Vaginal Delivery, and Malpresentations & Breech Delivery.

Advanced Life Support in Obstetrics Course, Las Vegas: July 9&10, 2012
Taught workshops in Fetal Surveillance, Postpartum Hemorrhage, Assisted Vaginal Delivery, and Malpresentations & Breech Delivery.
Didactic lecture: Maternal Resuscitation and Postpartum Hemorrhage

Didactic lecture: November 16, 2010: Topic: Gynecology: presented to General Surgery Residents. Along with Surgery Resident: Ann Platt, PGY4

Advanced Life Support in Obstetrics Course, at Orleans Hotel; Las Vegas, NV: March 13 & 14, 2010
Taught workshop in Assisted Vaginal Delivery. Led discussion groups on Eclampsia, Cord Prolapse, and Venous Thromboembolism

Advanced Life Support in Obstetrics Course, Las Vegas, NV: January 29 & 30, 2010
Taught workshop in Assisted Vaginal Delivery. Led discussion groups on Eclampsia, Cord Prolapse, and Venous Thromboembolism

Women in Health Sciences: Professional Development Retreat, Las Vegas, NV: December 8, 2009
Discussion group leader

Advanced Life Support in Obstetrics Course, Reno, NV: May 6 & 7, 2009
Taught workshops in Malpresentations, and Obstetrical Cases

Advanced Life Support in Obstetrics Course, Las Vegas, NV: January 2 & 3, 2009
Taught workshops in Shoulder Dystocia, Assisted Deliveries, Malpresentations, Obstetrical Cases, Practice Workshop, and Megadelivery

Perinatal Morbidity and Mortality Conference, monthly, 2002 to 2008
Organized the structure and materials for the conference.
2006 to 2008: Conference moderator.

FUNDING

Instructor for the July 2016 ALSO course for incoming ObGyn interns and Family Medicine interns. Funded \$2,000 by Family Medicine Grant

Instructor for the first BLSO course for the entire UNSOM medical student class transitioning into their clinical rotations, June 22, 2016. Funded \$1,000 by Family Medicine Grant

Attend 15th Annual National Patient Safety Foundation (NPSF) Patient Safety Congress, New Orleans, May 8-10, 2013: Funded \$1200 by Faculty Development Support Funds

Attend the Bierkamper Student Research Convocation, Reno, January 9, 2013:
Mentoring medical student presenting: Yusria Malik, MS IV. Funded \$350 by Faculty
Development Support Funds

AWARDS

APGO (Association of Professors of Gynecology & Obstetrics) "Excellence in Teaching
Award": June 2013

"Outstanding Contribution Award", UNSOM ObGyn Department: June, 2012

Fred Schultz, Chief Executive Officer

Positively Kids' Founder and CEO, Fred Schultz has been a lifelong activist for medically fragile children. But it wasn't until moving to Las Vegas in 1995 that Fred found his calling. Shocked by the lack of both state and private resources available to Nevada's medically dependent children, Fred had a vision to make a difference in the lives of these kids and their families. In December of 1999, that vision became a reality with the creation of the Foundation for Positively Kids. Named In Business' "2007 Non-Profit of the Year", Positively Kids is the first and only non-profit organization in Las Vegas whose sole mission is to serve our community's medically fragile children.

With over 35 years experience in health care management, Fred has directed the financial, marketing and board capacity building activities for numerous healthcare organizations. He began his career in Michigan as Director of Respiratory Therapy at Bi-County Hospital. In 1974, Fred relocated to Florida, where he assumed the Directorship at Bethesda Memorial Hospital in West Palm Beach, and later, the start-up of the Pulmonary Care Department of Community Hospital of the Palm Beach, a 250-bed acute care hospital. He also served as a Respiratory Care Program instructor for a private school in Ft. Lauderdale and, after receiving his Physician's Assistant Certification, went on to manage various private clinics and physician practices. In 1995, Fred relocated to Las Vegas to assume the position of CEO for Total Home Care, a Home Health Medical Equipment and Home Infusion Company. As Executive Director of Safe Harbor Hospice, he also supervised the construction of "Harbor House", a 24-bed inpatient facility -- one of only two such facilities in Clark County. He currently serves as a member of the American College Healthcare of Executives.

Fred is a past member of Downs Syndrome of Southern Nevada and the Florida Lung Association's State Advisory Board, and served as President of the American Lung Association of Southeast Florida for 6 years. He currently sits on the board of Toro University Occupational Therapy School, and is a guest lecturer at UNLV. He also serves on the State Committees for both the National Covering Kids and Families Network and the Child Welfare Network, member of the American College Healthcare of Executives and is President and Chairman of the Nevada Association of Non-profit organizations. In 2008 Fred Schultz and Positively Kids was nominated and winner for Las Vegas Chamber of Commerce Nonprofit Business of the Year.

Fred's passion is to make a difference in the life of every medically fragile child in Las Vegas. To this end, he is eagerly embracing his next challenge - to embark on a Capital Campaign to build Nevada's first Skilled Pediatric Facility.
