MEMORANDUM

To: Dr. Jon Pennell, Chairperson
State Board of Health
Dr. Jeffery Murawsky, Vice Chair
State Board of Health

From: Lisa Sherych, Secretary
Administrator, Division of Public and Behavioral Health

Re: Consideration and adoption of proposed regulation LCB File No. R111-22
Amendments to Nevada Administrative Code (NAC) Chapters 440

PURPOSE OF AMENDMENTS

The proposed addition/change of regulations to NAC 445B in LCB File No. R105-22 include clarifying what criminal convictions disqualifies an applicant and aligns regulation with existing law in regard to fingerprinting requirements.

SUMMARY OF CHANGES TO THE NAC

The proposed addition/change of regulations to NAC 450B0 in LCB File No. R105-22 are to list the criminal convictions that automatically disqualify an applicant from obtaining a license and to align the regulations with existing law on fingerprint.

POSSIBLE OUTCOME IF PROPOSED AMENDMENT IS NOT APPROVED

NAC 450B regulations are not approved, the legal language necessary to clearly disqualify felons, convicted abusers, and convicted negligent persons is sufficient to disqualify applicants with this type of criminal behavior.

PUBLIC COMMENT RECEIVED

A Small Business Impact Questionnaire was sent to system users on June 23, 2022. A Small Business Impact Statement was prepared based upon the lack of returned questionnaires. Out of 7,486 questionnaires sent, zero (0) were returned. Therefore staff has determined that there is no impact on small businesses in the State of Nevada.

Nevada Division of Public and Behavioral Health (DPBH) Emergency Medical Services (EMS) held a Public Workshop on October 25, 2022, to consider proposed regulations (LCB File No. R105-22). No one attended the public workshop.

↪ per day for each such person.

Sec. 3. NAC 450B.363 is hereby amended to read as follows:

1. The Division may issue a certificate as an emergency medical technician, advanced emergency medical technician or paramedic to an applicant trained in another state if:

(a) The applicant:

(1) Is a resident of Nevada;

(2) Will be a resident of Nevada within 6 months after applying for certification;

(3) Is a resident of another state and is employed by a service that has been issued a permit in Nevada; or

(4) Is attending a course of training held in this State and approved by the Division.

(b) The applicant submits the appropriate form and the fee prescribed in [NAC 450B.700](#).

(c) The applicant:

(1) Has successfully completed training in a course approved by the appropriate authority in the other state, which course was at least equivalent to the national standard prepared by the National Highway Traffic Safety Administration of the United States Department of Transportation as a national standard for emergency medical technicians, advanced emergency medical technicians or paramedics, as appropriate, or an equivalent standard approved by the Administrator of the Division, has successfully passed an assessment developed by the National Registry of Emergency Medical Technicians for emergency medical technicians, advanced emergency medical technicians or paramedics, as appropriate, and holds a valid certificate as an emergency medical technician, advanced emergency medical technician or paramedic or equivalent, as appropriate, issued by an authorized agency in the other state; or

(2) Holds a valid certificate as an emergency medical technician, advanced emergency medical technician or paramedic, as appropriate, issued by the National Registry of Emergency Medical Technicians.

(d) The applicant maintains a certificate to provide cardiopulmonary resuscitation issued by the American Heart Association or an equivalent certificate approved by the Division.

(e) The applicant submits a statement indicating compliance with the provisions of [NRS 450B.183](#).

(f) If the applicant is applying for a certificate as a paramedic, the applicant maintains:

(1) A certificate to provide Advanced Cardiovascular Life Support issued by the American Heart Association or an equivalent certificate approved by the Division;

(2) A certificate to provide Pediatric Advanced Life Support issued by the American Heart Association or an equivalent certificate approved by the Division; and

(3) A certificate to provide International Trauma Life Support or an equivalent certificate approved by the Division.

(g) The applicant's certification or registration with the National Registry of Emergency Medical Technicians or in the other state has not been revoked, terminated or suspended pursuant to any disciplinary proceeding.

(h) The Division receives verification of the applicant's certificate as an emergency medical technician, advanced emergency medical technician or paramedic or equivalent, as appropriate, from the issuing agency of the other state on a form provided by the Division.

[i\) The Division receives documentation, in the form of an attestation or other evidence deemed appropriate by the Division, that the applicant underwent a criminal background check of the other state within the past 7 years.](#)

2. The Division may require the applicant to:

(a) Demonstrate his or her practical skills.

(b) Pass a written examination approved by the Division in accordance with the national standard prepared by the National Highway Traffic Safety Administration of the United States Department of Transportation.

3. A certificate as an emergency medical technician, advanced emergency medical technician or paramedic issued pursuant to this section must be renewed in accordance with the provisions of [NAC 450B.380](#).

Sec. 4. NAC 450B.363 is hereby amended to read as follows:

1. A certificate as an emergency medical responder expires on the date of expiration appearing on the certificate and, after the initial period, expires biennially. The Division shall designate the date of expiration of each certificate.

2. Such a certificate may be renewed if:

(a) The Division determines that the holder of the certificate has, before the date of expiration, successfully completed:

(1) A course in continuing training which is equivalent to the national standard prepared by the National Highway Traffic Safety Administration of the United States Department of Transportation as a refresher course for emergency medical responders and approved by the Division; or

(2) Any other program of continuing education offered by a training center or approved by the Division. Such a program may not be approved unless the requirement for attendance for that program is at least 12 hours for renewal of certification.

(b) *The holder has submitted fingerprints pursuant to NRS 450B.800 within seven years prior to the renewal and has not been convicted of a crime listed in subsection 5 of NAC 450B.355.*

(c) The holder submits, before the date the certificate expires, an application evidencing that he or she has met the requirements as set forth in ~~[paragraph]~~ paragraphs (a) and (b).

Sec. 5. NAC 450B.380 is hereby amended to read as follows:

1. A certificate as an emergency medical technician, advanced emergency medical technician or paramedic expires on the date of expiration appearing on the certificate and, after the initial period, expires biennially. The Division shall designate the date of expiration of each certificate.

2. To maintain certification, a certified emergency medical technician, advanced emergency medical technician or paramedic must, within the 12 months before expiration of his or her certificate, complete at least one verification of his or her skills conducted by:

(a) The medical director of the service; or

(b) A qualified instructor approved by the Division.

3. In verifying the skills of an emergency medical technician, advanced emergency medical technician or paramedic, the medical director or qualified instructor shall determine whether the emergency medical technician, advanced emergency medical technician or paramedic retains his or her skills in:

(a) Each technique for which certification has been issued and any applicable local protocols; and

(b) The administration of approved medications,

↪ and enter that determination on a form provided by the Division.

4. To renew his or her certificate, an emergency medical technician, advanced emergency medical technician or paramedic must:

(a) Meet the requirements for renewal of the certificate as an emergency medical technician, advanced emergency medical technician or paramedic, as appropriate;

(b) Successfully complete courses in continuing training which are equivalent to the national standard prepared by the National Highway Traffic Safety Administration of the United States Department of Transportation as refresher courses for emergency medical technicians, advanced emergency medical technicians or paramedics, as appropriate, are offered by a training center or approved by the Division and have, in total, a requirement of attendance of not less than:

(1) Twenty-four hours for the renewal of certification as an emergency medical technician;

(2) Thirty hours for the renewal of certification as an advanced emergency medical technician; or

(3) Forty hours for the renewal of certification as a paramedic;

(c) Submit a statement indicating compliance with the provisions of [NRS 450B.183](#);

(d) Maintain a certificate to provide cardiopulmonary resuscitation issued by the American Heart Association or an equivalent certificate approved by the Division;

(e) If renewing a certificate as a paramedic, maintain:

(1) A certificate to provide Advanced Cardiovascular Life Support issued by the American Heart Association or an equivalent certificate approved by the Division;

(3) A certificate to provide International Trauma Life Support or an equivalent certificate approved by the Division;

(f) *Submit fingerprints pursuant to NRS 450B.800 within seven years prior to the renewal and has not been convicted of a crime listed in subsection 4 of NAC 450B.360;*

(g) Before the certificate expires, submit an application evidencing that he or she has met the requirements of this section; and

~~(g)~~ (h) Pay the appropriate fee prescribed in [NAC 450B.700](#).

5. An emergency medical technician, advanced emergency medical technician or paramedic who successfully completes a course described in subparagraph (1), (2) or (3) of paragraph (e) of subsection 4 will receive credit for the course toward the continuing training required by paragraph (b) of subsection 4.

6. An emergency medical technician, advanced emergency medical technician or paramedic who successfully renews his or her certificate to provide cardiopulmonary resuscitation issued by the American Heart Association or an equivalent certificate approved by the Division will receive 4 hours of credit toward the continuing training required by paragraph (b) of subsection 4.

SMALL BUSINESS IMPACT STATEMENT 2022

PROPOSED AMENDMENTS TO NAC 450B

The Division of Public and Behavioral Health (DPBH) has determined that the proposed amendments should not have any adverse effect upon a small business or negatively impact the formation, operation or expansion of a small business in Nevada.

A small business is defined in Nevada Revised Statutes (NRS) 233B as a "business conducted for profit which employs fewer than 150 full-time or part-time employees."

This small business impact statement is made pursuant to NRS 233B.0608 (3) and complies with the requirements of NRS 233B.0609. As required by NRS 233B.0608(3), this statement identifies the methods used by the agency in determining the impact of the proposed regulation on a small business in sections 1, 2, 3, and 4 below and provides the reasons for the conclusions of the agency in section 8 below followed by the certification by the person responsible for the agency.

Background

- 1) The DPBH determined that existing Nevada Administrative Code (NAC) 450B needed to be reviewed with regulation additions and changes proposed. The industry has changed dramatically in the past several years and some of the regulations required clarity or additional language to ensure a better service to the public while still protecting the integrity of the credentialing process of applicant. As the Emergency Medical Services identifies areas of concern, the regulations required additions and updates to help reduce the risks. Current industry standards, practices and requirements required regulations to be reviewed and changed to ensure the Emergency Medical Services could adhere to those standards, practices and requirements.
- 2) **A description of the manner in which comment was solicited from affected small businesses, a summary of their response and an explanation of the manner in which other interested persons may obtain a copy of the summary.**

Pursuant to NRS 233B.0608 (2)(a), DPBH has requested input from stakeholders, small businesses, and users of the Emergency Medical Services License Management System.

A Small Business Impact Questionnaire was sent to all users of the users of the Image Trend License Management system along with a copy of the proposed regulations on June 23, 2022.

The questions on the questionnaire were:

- 1) How many employees are currently employed by your business?
- 2) Will a specific regulation have an adverse economic effect upon your business? If so, please indicate the estimated dollar amount(s) you believe the adopted regulations will cost you over one calendar year with a brief explanation as to how the dollar amount was calculated.
- 3) Will the regulation(s) have any beneficial effect upon your business? If so, please include any cost savings you believe the adopted regulations will save you over one calendar year with an estimated dollar amount if applicable.
- 4) Do you anticipate any indirect adverse effects upon your business?
- 5) Do you anticipate any indirect beneficial effects upon your business?

Summary of Response

Summary of Comments Received (0 responses were received out of 7,486 small business impact questionnaires distributed)			
Will a specific regulation have an adverse economic effect upon your business?	Will the regulation (s) have any beneficial effect upon your business?	Do you anticipate any indirect adverse effects upon your business?	Do you anticipate any indirect beneficial effects upon your business?
0 – Yes	0 – Yes	0 – Yes	0 – Yes
0 - No	0 - No	0 - No	0 - No
0 - Unknown	0 - Unknown	0 - Unknown	0 - Unknown

3) Describe the manner in which the analysis was conducted.

There were no responses to analyze.

4) The estimated economic effect of the proposed regulation on the small business which it is to regulate including, without limitation both adverse and beneficial effects and both direct and indirect effects.

There is no estimated economic effect of the proposed regulations on small business.

5) Provide a description of the methods that the agency considered to reduce the impact of the proposed regulation on small businesses and a statement regarding whether the agency actually used any of those methods.

The DPBH received zero (0) responses regarding the proposed regulations. A Public Workshop will be held on October 25, 2022, allowing for further input by the public and regulated community regarding the proposed regulations and the impact. These comments will be taken into consideration for possible further revisions to the regulations to reduce the economic impact on facilities.

6) The estimated cost to the agency for enforcement of the proposed regulation.

There is no anticipated cost to the agency for enforcement of the proposed regulations.

7) If the proposed regulation provides a new fee or increases an existing fee, the total annual amount DPBH expects to collect and the manner in which the money will be used.

There are no fee increases.

8) An explanation of why any duplicative or more stringent provisions than federal, state or local standards regulating the same activity are necessary.

At this time, there are no duplicative or more stringent provisions than federal, state or local standards.

9) Provide a summary of the reasons for the conclusions of the agency regarding the impact of a regulation on small businesses.

The agency concludes the proposed regulations will produce negligible impact on small businesses. These NAC 450B proposed regulation changes clarify certification requirements regarding criminal convictions.

3. Public Comment Regarding proposed changes to NAC Code 450B
4. Adjournment

The proposed changes will revise Chapter NAC 450B of the Nevada Administrative Code and are being proposed in accordance with Nevada Revised Statutes (NRS) 450B.180, 450B.320 and 450B.800.

The proposed regulations provide provisions for the following:

Steve Sisoliak
Governor

Richard Whitley, MS
Director

**DEPARTMENT OF
HEALTH AND HUMAN SERVICES**
DIVISION OF PUBLIC AND BEHAVIORAL HEALTH
Helping people. It's who we are and what we do.

Lisa Sherych
Administrator

Ihsan Azzam,
Ph.D., M.D.
Chief Medical Officer

The proposed addition/change of regulations in LCB File No. R105-22 include:

- Clarification on the background check process
- Clarification of the types of criminal conviction on the license of a first responder

The Division is bringing forward this change to clarify regulations on background checks and the appropriate response to a criminal conviction upon a license.

1. Anticipated effects on the business and on the general public:

- A. *Adverse effects*: None
- B. *Beneficial*: None
- C. *Immediate*: None
- D. *Long-term*: None

2. These proposed regulations will not add any costs to the current regulatory enforcement activities conducted by the Division of Public and Behavioral Health. Additionally, the proposed regulations do not provide for a new fee or increase any existing fee.

The proposed regulations are not duplicative or more stringent than any federal, state, or local standards.

Members of the public may make oral comments at this meeting. Persons wishing to submit written testimony or documentary evidence may submit the material to Bobbie Sullivan, Division of Public and Behavioral Health, Office of Vital Records:
