Regarding COLLEGE / UNIVERSITY STAFF & STUDENT VACCINE MANDATES:

Please oppose medical mandates and support medical choice! There is NO scientific evidence showing that masks reduce transmission of viral particles. The covid vaccines DO NOT prevent transmission, infection or illness. There are risks associated with these medical interventions; where there is risk there must be full informed consent and free choice. Those who decide to wear masks and/or take covid shots based upon their personal risk assessment are free to do so. Medical mandates have no place in a free society.

NEWBORN BLOOD SCREENING (LCB R088-20RP1) Public Hearing:

There must be a clear opt-out for mothers/parents before expanding this program to include every infant. There must also be a mechanism for the protection of the private genetic / DNA data of citizens (babies). CA newborn screening program sold genetic data from their database to private corporations. There is no safeguard against this happening in NV.

HEALTH DISTRICTS:

Local public health decisions need to be made locally. In the event of future public health issues or emergencies, local officials should be able to make decisions based on what local communities are experiencing and based upon what is best locally rather than centralizing these powers.

mothers/parents before expanding this program to include every infant. There must also be a mechanism for the protection of the private genetic / DNA data of citizens (babies). Why is this necessary? And why now? Is this related to the new HIV testing and pharmaceutical treatment agenda?

Did you know that the CA newborn screening program sold genetic data from their database to private corporations??? There is no safeguard against this happening in NV.

NO THANK YOU!!

When are you going to do an INVESTIGATION into this information:

Attached in this email!

FOR THE PUBLIC IT STATES IN BREIF:

SENATOR ROBERT JOHNSON DID A ROUND TABLE WITH RENOWN DOCTORS AND LAWYERS ON THE SAFETY AND EFFICACY OF THE COVID19 VACCINE. TO GIVE A BRIEF EXAMPLE OF THE INCREASED ISSUES IT SAYS THERE IS AN INCREASE IN THE LIST BELOW.

HYPERTENSION- 2,181% INCREASE

DISEASE OF THE NERVOUS SYSTEM- 1,048% INCREASE

MALIGNANT NEOPLASMS OF THE ESOPHAGUS- 894% INCREASE. . .

FEMALE INFERTILITY- 472% INCREASE

TESTICULAR CANCER- 368% INCREASE. . .

THIS IS JUST SOME OF THE INFORMATION. THIS DOES NOT INCLUDE DEATHS AND INJURIES FOR THIS VACCINE UP TO THIS MONTH MARCH, 2022. DO YOU AS A BOARD OF EXPERTS CHECK OPENVARES.COM BEFORE YOU MAKE DECISIONS ON COERCING THE POPULATION TO INOCULATE??

NOR DO YOU OFFER INFORMATION ON NATURAL IMMUNITY IN YOUR PUBLIC MEETINGS, WHY? AND STILL NO THERAPEUTICS FORTHCOMING UNLESS IT'S THE PFIZER BRANDED PILL, HUN?

ALSO, WHY SUCH A PUSH FOR HIV TESTING!?!?!? ALL OF THE SUDDEN! ODD!

WE ARE AWARE YOU ARE TRYING TO MAKE THINGS MORE CHALLENGING FOR NEVADANS WITH NEW HIV MODERNIZATION LAWS. WE ALSO KNOW THERE IS TALK OF ANOTHER PANDEMIC BEING RELEASED AGAINST THE POPULATION, (DON'T ASK ME ASK YOUR BUDDY BILL GATES). MORE IMPORTANTLY, IT IS CLEAR IN THE MEAN TIME YOU ARE TRYING TO CHANGE LAWS PRIOR TO ITS RELEASE. THIS INCLUDES SEEING NEW BILLS COMING THROUGH AND THE CHANGING OF LAWS. . . INTRIGUING?!?!?!?

The current vaccines for Covid are unlike any vaccines that we, or our children may have received. They have not had all the components of the safety studies they were given to every other vaccine, and we have no long-term evidence that they are safe. Many new studies are coming out daily saying the opposite. That they can effect our bodies in ways we cannot fully understand yet, like blood disorders, myocarditis, paracarditis, death and a new study out this week says this vaccine and enter and effect our DNA sequence. We can not listen to only the studies done by the same company that produced or stand to financially profit from the vaccine and cannot be trusted to provide safety studies for their own products. Where there is potential harm, we must have choice! We all know people now who have caught covid and are triple vaccinated. Also we have to address the military numbers coming out reporting higher rates of cancer, disability, clotting, miscarriage, menstrual disorders, and death since they were mandated to vaccinate with this new technology.

Thank you for reading,
