Hi Joseph,

Hope you are doing well. This email is in response to the question today for SNHD by Dr. Jeffrey Murawsky, Vice Chair.

I believe the question was whether or not we have experienced a delay in Title X funding and any impacts on services? After following up internally SNHD was awarded funding for this budget year beginning April 1st however we have not received final approval of our revised budget from US DHHS, Office of Population Affairs.

There has been no impact on service delivery.

Kind regards,
