**SMALL BUSINESS IMPACT STATEMENT 2023
PROPOSED AMENDMENTS TO NAC CHAPTER 458**

The Division of Public and Behavioral Health (DPBH) has determined that the proposed amendments should not have a negative economic impact upon a small business or inhibit the formation, operation or expansion of a small business in Nevada.

A small business is defined in Nevada Revised Statutes NRS 233B as a "business conducted for profit which employs fewer than 150 full-time or part-time employees."

This small business impact statement is made pursuant to NRS 233B.0608 (3) and complies with the requirements of NRS 233B.0609. As required by NRS 233B.0608(3), this statement identifies the methods used by the agency in determining the impact of the proposed regulation on a small business in sections 1, 2, 3, and 4 below and provides the reasons for the conclusions of the agency in section 8 below followed by the certification by the person responsible for the agency.

Background

The proposed regulations are being moved forward to increase efficiencies by reducing redundant regulations. The Division doesn't currently have the statutory authority to obtain criminal background checks. The intent is to honor the background check that the agency completed for the detoxification technician, with a statement certifying that the individual does not have a disqualifying conviction on their record. This will allow for a more streamlined process for certifying detoxification technicians.

- 1) A description of the manner in which comment was solicited from affected small businesses, a summary of their response and an explanation of the manner in which other interested persons may obtain a copy of the summary.**

Pursuant to NRS 233B.0608 (2)(a), the Division of Public and Behavioral Health has requested input from small businesses that may be impacted by this proposed regulation change.

A Small Business Impact Questionnaire was sent to various listservs through the Division along with a copy of the proposed regulation changes, on March 22, 2023. The questions on the questionnaire were:

- 1) How many employees are currently employed by your business?
- 2) Will a specific regulation have an adverse economic effect upon your business?
- 3) Will the regulation(s) have any beneficial effect upon your business?
- 4) Do you anticipate any indirect adverse effects upon your business?
- 5) Do you anticipate any indirect beneficial effects upon your business?

Summary of Response

Summary Of Comments Received (One (1) response was received out of 9,053 small business impact questionnaires distributed)			
Will a specific regulation have an adverse economic effect upon your business?	Will the regulation (s) have any beneficial effect upon your business?	Do you anticipate any indirect adverse effects upon your business?	Do you anticipate any indirect beneficial effects upon your business?
Yes - 1 No - 0	Yes - 0 No - 1	Yes - 1 No - 0	Yes - 0 No - 1
Comments: None	Comments: None	Comments: None	Comments: None

2) Describe the manner in which the analysis was conducted.

The Division dispersed the small business impact questionnaire to 9,053 individuals through listservs maintained by the Division. Only one questionnaire was returned.

3) The estimated economic effect of the proposed regulation on the small business which it is to regulate including, without limitation both adverse and beneficial effects and both direct and indirect effects.

The Division believes the removal of this language will assist with streamlining the requirements for an agency to utilize the background check for a detoxification technician that was already completed upon hire of the individual, while also certifying that the person does not have a disqualifying conviction. Although this language is outlined in regulation, the Division doesn't have the authority in Statutes to obtain background checks, so this language isn't enforceable.

4) Provide a description of the methods that the agency considered to reduce the impact of the proposed regulation on small businesses and a statement regarding whether the agency actually used any of those methods.

The Division of Public and Behavioral Health has held several opportunities for small businesses and the public to provide input and comments regarding the proposed regulations, including the economic impact the proposed regulations may have on their business. Modifications to the proposed regulations have been made as a result of this input. Workshops will be held on April 21, 2023 allowing for further input by the community regarding the proposed regulations and how they will impact them. These comments will be taken into consideration for possible further revisions to the regulations to reduce the economic impact on facilities.

5) The estimated cost to the agency for enforcement of the proposed regulation.

None.

- 6) **If the proposed regulation provides a new fee or increases an existing fee, the total annual amount DPBH expects to collect and the manner in which the money will be used.**

No new fees are proposed in this regulation.

- 7) **An explanation of why any duplicative or more stringent provisions than federal, state or local standards regulating the same activity are necessary.**

There are no known duplicative or more stringent federal, state or local standards.

- 8) **Provide a summary of the reasons for the conclusions of the agency regarding the impact of a regulation on small businesses.**

The Division believes this clean-up language is needed to streamline the certification process for Detoxification Technicians.

Any other persons interested in obtaining a copy of the summary may e-mail, call, or mail in a request to Stephanie Cook at the Division of Public and Behavioral Health at:

These workshops will be conducted in accordance with NRS 241.020, Nevada's Open Meeting Law.

AGENDA

1. Introduction of workshop process
2. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 228
3. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 442
4. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 445A
5. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 449
6. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 450B
7. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 458
8. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 652
9. General Public Comment

The proposed changes would amend Nevada Administrative Code (NAC) and are being recommended in accordance with [Governor's Executive Order #2023-003](#).

The proposed amendments provide provisions for the following:

4150 Technology Way, Suite 300 • Carson City, Nevada 89706
775-684-4200 • Fax 775-687-7570 • dphh.nv.gov

Nevada Administrative Code (NAC) Chapter 228

1. Removes the following:
 - a. NAC 228.101 and NAC 228.102(1)(b) to bring into compliance with removal of requirements in Senate Bill 45 of the 2021 Legislative Session;
 - b. Section 6(10)(a) and (b) of LCB File No. R071-20, as each supervisor or provider of treatment must be individually approved and this can be easily verified, if needed; and,
 - c. Section 7(2)(d)(1), (2), and (5), and Section 7(4)(b), (4)(b)(1), and (4)(b)(2), of LCB File No. R071-20, as proof of continuing education completion will be conducted via an audit process, which will save program applicants a lot of time when submitting their renewals.
2. Editions within Nevada Administrative Code (NAC) Chapter 228 (edits to 228.101 and 228.102) would benefit health facilities and those hired as an employee or independent contractor by removing barriers in the certification process.
3. Editions to Section 6 of LCB File No. R071-20 will reduce extra burden on Domestic Violence Treatment Program providers. Each supervisor or provider of treatment must be individually approved, and this can be easily verified, if needed. The programs will still be required to provide the names/supervisors during the application process which can be used to verify the individuals have appropriate approval; therefore, the section being omitted is not needed.
4. Editions to Section 7 of LCB File No. R071-20 will reduce additional barriers for providing proof of continuing education completion. This will be conducted via an audit process, similar to what the Board of Nursing does which will save Program applicants a lot of time when submitting their renewals because they won't have to upload all of their supervisor and provider CEU documents which will create a less burdensome, more efficient application process.
5. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor's Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 442

1. Removes NAC 442.080 in its entirety, as the bureau name is outdated and there is no need for the Bureau Chief to inform employees; all employees are already required to take a class on confidential health information.
2. Removal of NAC 442.080 eliminates regulation requirement of the Bureau Chief to provide all employees information regarding regulations relating to confidential materials. Recommendations for deletion within Chapter 442 would remove regulatory requirement for action that can be achieved with Bureau level policy.
3. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor's Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 445A

1. Changes NAC 445A.547 from "outside" to "within" in the section title and in (1) and removes the annual permit to sell or distribute bottled water produced in a plant located outside of the state in NAC 445A.589.
2. Provisions or deletions within Nevada Administrative Code (NAC) Chapter 445A outlined above update provisions for Nevada companies producing bottled water for distribution within this State and benefit bottled water companies with out-of-state water plants by removing the permit requirements to sell or distribute bottled water within Nevada. It is unrealistic for Nevada to permit water that is bottled in other parts of the country or world but would still allow Environmental Health Services to have the authority to address complaints about bottled water sold outside of its jurisdiction.
3. Recommended amendment to NAC 445A.589 would eliminate a fee of \$175 annually if the water production plant is outside the State of Nevada.
4. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor's Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 449

1. Removes the following:

- a. NAC 449.079 in its entirety, as this section affects licensed facilities for the treatment of alcohol or other substance use disorders;
 - b. The word “ironed” from NAC 449.126(4), NAC 449.15357(4), and NAC 449.74357(4) to reduce time during staffing storages, as well as relieving overall burden on industry;
 - c. NAC 449.154991(2), NAC 449.232(3), NAC 449.154937(2), and NAC 449.39516(2)(b), due to telephone directory regulations not being utilized anymore;
 - d. NAC 449.77417(2)(a) which clarifies confusion of enforcing authority; and,
 - e. Section 14 of LCB File No. R016-20 in its entirety to eliminate the annual requirement for cultural competency training.
2. Editions to NAC 449.079 includes the requirement for a licensed facility for the treatment of alcohol or other substance use disorders to obtain certification in accordance with NRS 458.025. This requirement was stricken from the statutory definition in 2015 by Senate Bill 500. The result was the statutory definition NRS 449.00455 for a facility for the treatment of alcohol or other substance use disorders does not require certification in order to be licensed. Repealing this section implements legislative intent.
 3. Editions to NAC 449.126, NAC 449.15357, and NAC 449.74357 reduce extra work required by the facility by excluding the requirement for ironing. This may also help relieve workload during staff shortages.
 4. Editions to NAC 449.15499, NAC 449.232, NAC 449.154937, and NAC 449.39516 eliminates language regarding requirements for facilities to be listed in a phone directory, which is no longer utilized.
 5. Editions to NAC 449.77417 clarifies authority for requirements outlined already through Nevada Revised Statutes (NRS). Current regulation under this section provides the ability of a SNF and ICF to apply for a variance, which is not applicable, as this requirement is outlined in statute. Statutes take precedence over the regulation, and as one of the restrictions to variances, the Board does not have the authority to vary a statute. Removing this language will prevent future occurrences of facilities attempting to vary the statute, by using the regulatory language. Further, the statutory requirements remain in place, so removing this language does nothing to diminish the requirements.
 6. @Editions to Section 14 of LCB File No. R016-20 eliminate the annual requirement for cultural competency training, reducing extreme financial burden on facilities.
 7. Recommendations for amendment or deletion within Chapter 449 would clarify and remove extraneous verbiage that is outdated or covered by other regulations and remove barriers for business.

Nevada Administrative Code (NAC) Chapter 450B

1. Removes NAC 450B.456, NAC 450B.457, NAC 450B.458, and NAC 450B.459 due to the DPBH Emergency Medical Services Office not regulating dispatchers.
2. Editions within Nevada Administrative Code (NAC) Chapter 450B outlined above would remove Nevada regulations regarding certification of emergency medical dispatchers. Dispatchers use a nationally accredited program. DPBH has not issued an Emergency Medical Dispatcher certification with approximately 5 years. Upon discussion with dispatcher supervisors, the removal of these sections would reduce barriers since the current regulations do not benefit dispatchers or their organizations.
3. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor’s Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 458

1. Removes NAC 458.342(2)(e) due to duplication of background checks.
2. Editions within Nevada Administrative Code (NAC) Chapter 458 outlined above would update provisions for Nevada detoxification technician certifications by removing the redundant requirement of obtaining fingerprinting. Treatment agencies may already have a process in place for obtaining background checks; therefore, there is no need for both the treatment agency and the Division to conduct background checks.
3. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor’s Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 652

1. Removes NAC 652.600 in its entirety due to not being used in the past and no plans for the program to use these in the future.
2. Editions within Nevada Administrative Code (NAC) Chapter 652 outlined above would update Nevada regulation by removing certification requirements to be an approved program for training laboratory technicians. Eliminates NAC 652.600 Program of training for certification as technicians. Approved training is listed in previous sections of NAC 652 as well as NRS 652.
3. The removal of this section will reduce barriers to the public and business in accordance with the Governor's Executive Order 2023-003.
