The proposed changes to NAC Chapter 442 include the following:

- The proposed changes to NAC Chapter 442 include the deletion of Nevada Administrative Code (NAC) [442.080](#) by which the Chief of the Bureau of Children's Services informs all employees of the Bureau of regulations relating to confidential materials.
 - The Bureau is no longer named the Bureau of Children's Services.
- Current Division of Public and Behavioral Health onboarding requirements already ensure all employees of the Division receive instruction on confidential materials and this includes all employees of the Bureau.
- The regulation is redundant since the process referenced in NAC [442.080](#) occurs as a mandated aspect of Division policy and required trainings.

1. Anticipated effects on the business which NAC 442 regulates:

- A. *Adverse effects:* No adverse effects to businesses were identified through the Small Business Questionnaire, a stakeholder feedback meeting held on March 22, 2023, nor the Public Workshop at the Board of Health Meeting on April 28, 2023.
- B. *Beneficial:* No beneficial effects to businesses were identified through the Small Business Questionnaire, a stakeholder feedback meeting held on March 22, 2023, nor the Public Workshop at the Board of Health Meeting on April 28, 2023.
- C. *Immediate:* As soon as the proposed regulations become effective it would allow for the removal of a redundant regulation and have no impact to businesses in the State of Nevada.
- D. *Long-term:* No long-term beneficial effects to businesses in the State of Nevada will be realized.

2. Anticipated effects on the public:

- A. *Adverse effects:* No adverse effects to the public were identified through the Small Business Questionnaire, a stakeholder feedback meeting held on March 22, 2023, nor the Public Workshop at the Board of Health Meeting on April 28, 2023.
- B. *Beneficial:* No beneficial effects to the public were identified through the Small Business Questionnaire, a stakeholder feedback meeting held on March 22, 2023, nor the Public Workshop at the Board of Health Meeting on April 28, 2023.
- C. *Immediate:* As soon as the proposed regulations become effective it would allow for the removal of a redundant regulation and have no impact on the public in the State of Nevada.
- D. *Long-term:* No long-term beneficial effects to the public in the State of Nevada will be realized.

3. The Division of Public and Behavioral Health determined the impact on small business pursuant to NRS 233B.0608 (2)(a), by requesting input from 9,053 individuals solicited via email and by holding a stakeholder feedback meeting on March 22, 2023. An email making stakeholders aware of a pending stakeholder feedback meeting was widely distributed on March 15, 2023, and the meeting was held with a physical and virtual option to attend on March 22, 2023. The Small Business Impact Questionnaire was distributed to 9,053 individuals and two (2) responses were received indicating no adverse or beneficial direct or indirect effects or impacts of the proposed regulation.

4. There is no estimated cost to the Division of Public and Behavioral Health for removal of the proposed regulations. There are no fees currently set in this regulation and fees would not be used to cover the costs to remove the proposed regulations.

5. The proposed regulations do not overlap or duplicate any other Nevada state or federal regulations.

Members of the public may make oral comments at this meeting. Persons wishing to submit written testimony or documentary evidence in excess of two typed, 8-1/2" x 11" pages must submit the material to the Board's Secretary, Cody L. Phinney, MPH, to be received no later than November 29, 2024, at the following address:

Secretary, State Board of Health
Division of Public and Behavioral Health
4150 Technology Way, Suite 300
Carson City, NV 89706
stateBOH@health.nv.gov

Written comments, testimony, or documentary evidence in excess of two typed pages will not be

accepted at the time of the hearing. The purpose of this requirement is to allow Board members adequate time to review the documents.

A copy of the notice and proposed regulations are on file for inspection and/or may be copied at the following locations during normal business hours:

MEMORANDUM

DATE: November 20, 2024

TO: Jon Pennell, DVM, Chairperson, State Board of Health

FROM: Cody L. Phinney, MPH, Administrator, Division of Public and Behavioral Health

RE: Consideration and removal of the proposed regulation amendment to Nevada Administrative Code Chapter 442.

PURPOSE OF THE AMENDMENT

The purpose of the proposed regulations is to remove the regulation Nevada Administrative Code (NAC) [442.080](#).

SUMMARY OF CHANGES TO THE NEVADA ADMINISTRATIVE CODE

Legislative Counsel Bureau (LCB) File Number R [107-24P](#) addresses the following proposed changes to NAC Chapter 442:

- The proposed changes to NAC Chapter 442 include the deletion of NAC [442.080](#) by which the Chief of the Bureau of Children's Services informs all employees of the Bureau of regulations relating to confidential materials.
 - The Bureau is no longer named the Bureau of Children's Services.
- Current Division of Public and Behavioral Health onboarding requirements already ensure all employees of the Division receive instruction on confidential materials and this includes all employees of the Bureau.
- The regulation is redundant since the process referenced in NAC [442.080](#) occurs as a mandated aspect of Division policy and required trainings.

POSSIBLE OUTCOME IF PROPOSED AMENDMENT IS NOT APPROVED

If the proposed regulations R107-24P are not approved the regulation would not be removed from NAC Chapter 442.

PUBLIC COMMENT RECEIVED

A public workshop was held at the State Board of Health Meeting on April 28, 2023.

There were twenty-one (21) Division of Public and Behavioral Health participants who attended the public workshop and twenty-two (22) non-Division of Public and Behavioral Health staff who attended. No public comment provided at the public workshop related to NAC [442.080](#).

CONSIDERATION OF FEEDBACK RECEIVED FROM PUBLIC WORKSHOP

No feedback was received from the public workshop on NAC [442.080](#) and no changes were made to the proposed regulations related to NAC [442.080](#).

WRITTEN FEEDBACK RECEIVED

No written feedback was received in relation to NAC [442.080](#).

STAFF RECOMMENDATION

Staff recommend the State Board of Health adopt the proposed regulation amendments noted in LCB File Number [107-24P](#).

SMALL BUSINESS IMPACT STATEMENT 2023 PROPOSED AMENDMENT TO NEVADA ADMINISTRATIVE CODE (NAC) CHAPTER 442

The Division of Public and Behavioral Health (DPBH) has determined that the proposed amendment should not have an impact upon a small business or a negative impact on the formation, operation, or expansion of a small business in Nevada.

A small business is defined in Nevada Revised Statutes NRS 233B as a, "business conducted for profit which employs fewer than 150 full-time or part-time employees."

This small business impact statement is made pursuant to NRS 233B.0608 (3) and complies with the requirements of NRS 233B.0609. As required by NRS 233B.0608(3), this statement identifies the methods used by the agency in determining the impact of the proposed regulation on a small business in sections 1, 2, 3, and 4 below and provides the reasons for the conclusions of the agency in section 8 below followed by the certification by the person responsible for the agency.

Background

Nevada Administrative Code (NAC) [442.080](#) is proposed for deletion. This Nevada Administrative Code requires the Chief of the Bureau of Children's Services to inform all employees of the Bureau of regulations relating to confidential materials. Current onboarding requirements already ensure all employees of the Division of Public and Behavioral Health receive instruction on confidential materials and this includes all employees of the Bureau. The regulation is redundant since the process referenced in NAC 442.080 occurs as a mandated aspect of Division policy and required trainings.

1) A description of the manner in which comment was solicited from affected small businesses, a summary of their response and an explanation of the manner in which other interested persons may obtain a copy of the summary.

Pursuant to NRS 233B.0608 (2)(a), the Division of Public and Behavioral Health requested input on multiple public health regulations from 9,053 individuals solicited via email and a stakeholder feedback meeting held on March 22nd, 2023.

A Small Business Impact Questionnaire was sent to 9,053 individuals on March 22nd, 2023. The questions on the questionnaire were:

- 1) How many employees are currently employed by your business?
- 2) Will a specific regulation have an adverse economic effect upon your business?
- 3) Will the regulation(s) have any beneficial effect upon your business?
- 4) Do you anticipate any indirect adverse effects upon your business?
- 5) Do you anticipate any indirect beneficial effects upon your business?

Summary of Response

Summary Of Comments Received (2 responses were received specific to NAC 442.080 out of 9,053 small business impact questionnaires distributed)			
Will a specific regulation have an adverse economic effect upon your business?	Will the regulation (s) have any beneficial effect upon your business?	Do you anticipate any indirect adverse effects upon your business?	Do you anticipate any indirect beneficial effects upon your business?
No (2 responses)	No (2 responses)	No (2 responses)	No (2 responses)

Number of Respondents out of 9,053 e-mailings and posting to the Division website	Adverse economic effect?	Beneficial effect?	Indirect adverse effects?	Indirect beneficial effects?
2	0	0	0	0

2) Describe the manner in which the analysis was conducted.

An email making stakeholders aware of a pending stakeholder feedback meeting was widely distributed on March 15, 2023, and the meeting was held with a physical and virtual option to attend on March 22, 2023. The Small Business Impact Questionnaire was distributed to 9,053 individuals, requesting feedback on multiple public health regulations. Of the questionnaires distributed, two responses for NAC 442.080 were received, indicating no adverse or beneficial direct or indirect effects or impacts of the proposed regulation deletion.

3) The estimated economic effect of the proposed regulation on the small business which it is to regulate including, without limitation both adverse and beneficial effects and both direct and indirect effects.

There is no adverse or beneficial estimated direct or indirect economic effect of the proposed regulation deletion.

4) Provide a description of the methods that the agency considered to reduce the impact of the proposed regulation on small businesses and a statement regarding whether the agency actually used any of those methods.

The Division of Public and Behavioral Health has held several opportunities including a meeting on March 22, 2023, for stakeholders to provide input and comments regarding the proposed regulation change,

including the economic impact the proposed regulation deletion may have on relevant stakeholders. Modifications to the proposed regulations have not been made or suggested as a result of this input. A Workshop will be held on April 21, 2023, allowing for further input by interested parties regarding the proposed regulations and how they will impact small businesses. Any future comments will be taken into consideration for possible further revisions to the regulations to prevent or reduce the economic impact on facilities.

5) The estimated cost to the agency for enforcement of the proposed regulation.

There is no estimated cost to the agency for enforcement of the proposed regulation.

6) If the proposed regulation provides a new fee or increases an existing fee, the total annual amount DPBH expects to collect and the manner in which the money will be used.

The proposed regulation does not provide a new fee or increase an existing one.

7) An explanation of why any duplicative or more stringent provisions than federal, state or local standards regulating the same activity are necessary.

There are no duplicative or more stringent provisions than federal, state, or local standards regulating the same activity.

8) Provide a summary of the reasons for the conclusions of the agency regarding the impact of a regulation on small businesses.

Pending any feedback from the public hearing on April 28 2023, currently there are no responses indicating any impact from the small business impact questionnaire mailed and posted on the Division website on March 22, 2023.

Any other persons interested in obtaining a copy of the summary may e-mail, call, or mail in a request to Vickie Ives at the Division of Public and Behavioral Health at:

6. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 450B
7. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 458
8. Public comment on recommended amendments to Nevada Administrative Code (NAC) Chapter 652
9. General Public Comment

The proposed changes would amend Nevada Administrative Code (NAC) and are being recommended in accordance with [Governor's Executive Order #2023-003](#).

The proposed amendments provide provisions for the following:

4150 Technology Way, Suite 300 • Carson City, Nevada 89706
775-684-4200 • Fax 775-687-7570 • dpbh.nv.gov

Nevada Administrative Code (NAC) Chapter 228

1. Removes the following:
 - a. NAC 228.101 and NAC 228.102(1)(b) to bring into compliance with removal of requirements in Senate Bill 45 of the 2021 Legislative Session;
 - b. Section 6(10)(a) and (b) of LCB File No. R071-20, as each supervisor or provider of treatment must be individually approved and this can be easily verified, if needed; and,
 - c. Section 7(2)(d)(1), (2), and (5), and Section 7(4)(b), (4)(b)(1), and (4)(b)(2), of LCB File No. R071-20, as proof of continuing education completion will be conducted via an audit process, which will save program applicants a lot of time when submitting their renewals.
2. Editions within Nevada Administrative Code (NAC) Chapter 228 (edits to 228.101 and 228.102) would benefit health facilities and those hired as an employee or independent contractor by removing barriers in the certification process.
3. Editions to Section 6 of LCB File No. R071-20 will reduce extra burden on Domestic Violence Treatment Program providers. Each supervisor or provider of treatment must be individually approved, and this can be easily verified, if needed. The programs will still be required to provide the names/supervisors during the application process which can be used to verify the individuals have appropriate approval; therefore, the section being omitted is not needed.
4. Editions to Section 7 of LCB File No. R071-20 will reduce additional barriers for providing proof of continuing education completion. This will be conducted via an audit process, similar to what the Board of Nursing does which will save Program applicants a lot of time when submitting their renewals because they won't have to upload all of their supervisor and provider CEU documents which will create a less burdensome, more efficient application process.
5. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor's Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 442

1. Removes NAC 442.080 in its entirety, as the bureau name is outdated and there is no need for the Bureau Chief to inform employees; all employees are already required to take a class on confidential health information.
2. Removal of NAC 442.080 eliminates regulation requirement of the Bureau Chief to provide all employees information regarding regulations relating to confidential materials. Recommendations for deletion within Chapter 442 would remove regulatory requirement for action that can be achieved with Bureau level policy.
3. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor's Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 445A

1. Changes NAC 445A.547 from "outside" to "within" in the section title and in (1) and removes the annual permit to sell or distribute bottled water produced in a plant located outside of the state in NAC 445A.589.
2. Provisions or deletions within Nevada Administrative Code (NAC) Chapter 445A outlined above update provisions for Nevada companies producing bottled water for distribution within this State and benefit bottled water companies with out-of-state water plants by removing the permit requirements to sell or distribute bottled water within Nevada. It is unrealistic for Nevada to permit water that is bottled in other parts of the country or world but would still allow Environmental Health Services to have the authority to address complaints about bottled water sold outside of its jurisdiction.
3. Recommended amendment to NAC 445A.589 would eliminate a fee of \$175 annually if the water production plant is outside the State of Nevada.
4. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor's Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 449

1. Removes the following:

- a. NAC 449.079 in its entirety, as this section affects licensed facilities for the treatment of alcohol or other substance use disorders;
 - b. The word “ironed” from NAC 449.126(4), NAC 449.15357(4), and NAC 449.74357(4) to reduce time during staffing storages, as well as relieving overall burden on industry;
 - c. NAC 449.154991(2), NAC 449.232(3), NAC 449.154937(2), and NAC 449.39516(2)(b), due to telephone directory regulations not being utilized anymore;
 - d. NAC 449.77417(2)(a) which clarifies confusion of enforcing authority; and,
 - e. Section 14 of LCB File No. R016-20 in its entirety to eliminate the annual requirement for cultural competency training.
2. Editions to NAC 449.079 includes the requirement for a licensed facility for the treatment of alcohol or other substance use disorders to obtain certification in accordance with NRS 458.025. This requirement was stricken from the statutory definition in 2015 by Senate Bill 500. The result was the statutory definition NRS 449.00455 for a facility for the treatment of alcohol or other substance use disorders does not require certification in order to be licensed. Repealing this section implements legislative intent.
 3. Editions to NAC 449.126, NAC 449.15357, and NAC 449.74357 reduce extra work required by the facility by excluding the requirement for ironing. This may also help relieve workload during staff shortages.
 4. Editions to NAC 449.15499, NAC 449.232, NAC 449.154937, and NAC 449.39516 eliminates language regarding requirements for facilities to be listed in a phone directory, which is no longer utilized.
 5. Editions to NAC 449.77417 clarifies authority for requirements outlined already through Nevada Revised Statutes (NRS). Current regulation under this section provides the ability of a SNF and ICF to apply for a variance, which is not applicable, as this requirement is outlined in statute. Statutes take precedence over the regulation, and as one of the restrictions to variances, the Board does not have the authority to vary a statute. Removing this language will prevent future occurrences of facilities attempting to vary the statute, by using the regulatory language. Further, the statutory requirements remain in place, so removing this language does nothing to diminish the requirements.
 6. @Editions to Section 14 of LCB File No. R016-20 eliminate the annual requirement for cultural competency training, reducing extreme financial burden on facilities.
 7. Recommendations for amendment or deletion within Chapter 449 would clarify and remove extraneous verbiage that is outdated or covered by other regulations and remove barriers for business.

Nevada Administrative Code (NAC) Chapter 450B

1. Removes NAC 450B.456, NAC 450B.457, NAC 450B.458, and NAC 450B.459 due to the DPBH Emergency Medical Services Office not regulating dispatchers.
2. Editions within Nevada Administrative Code (NAC) Chapter 450B outlined above would remove Nevada regulations regarding certification of emergency medical dispatchers. Dispatchers use a nationally accredited program. DPBH has not issued an Emergency Medical Dispatcher certification with approximately 5 years. Upon discussion with dispatcher supervisors, the removal of these sections would reduce barriers since the current regulations do not benefit dispatchers or their organizations.
3. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor’s Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 458

1. Removes NAC 458.342(2)(e) due to duplication of background checks.
2. Editions within Nevada Administrative Code (NAC) Chapter 458 outlined above would update provisions for Nevada detoxification technician certifications by removing the redundant requirement of obtaining fingerprinting. Treatment agencies may already have a process in place for obtaining background checks; therefore, there is no need for both the treatment agency and the Division to conduct background checks.
3. The removal of this NAC subsection will reduce barriers to the public and business in accordance with the Governor’s Executive Order 2023-003.

Nevada Administrative Code (NAC) Chapter 652

1. Removes NAC 652.600 in its entirety due to not being used in the past and no plans for the program to use these in the future.
2. Editions within Nevada Administrative Code (NAC) Chapter 652 outlined above would update Nevada regulation by removing certification requirements to be an approved program for training laboratory technicians. Eliminates NAC 652.600 Program of training for certification as technicians. Approved training is listed in previous sections of NAC 652 as well as NRS 652.
3. The removal of this section will reduce barriers to the public and business in accordance with the Governor's Executive Order 2023-003.

SMALL BUSINESS IMPACT STATEMENT 2023 PROPOSED AMENDMENT TO NEVADA ADMINISTRATIVE CODE (NAC) CHAPTER 442

The Division of Public and Behavioral Health (DPBH) has determined that the proposed amendment should not have an impact upon a small business or a negative impact on the formation, operation, or expansion of a small business in Nevada.

A small business is defined in Nevada Revised Statutes NRS 233B as a, "business conducted for profit which employs fewer than 150 full-time or part-time employees."

This small business impact statement is made pursuant to NRS 233B.0608 (3) and complies with the requirements of NRS 233B.0609. As required by NRS 233B.0608(3), this statement identifies the methods used by the agency in determining the impact of the proposed regulation on a small business in sections 1, 2, 3, and 4 below and provides the reasons for the conclusions of the agency in section 8 below followed by the certification by the person responsible for the agency.

Background

Nevada Administrative Code (NAC) [442.080](#) is proposed for deletion. This Nevada Administrative Code requires the Chief of the Bureau of Children's Services to inform all employees of the Bureau of regulations relating to confidential materials. Current onboarding requirements already ensure all employees of the Division of Public and Behavioral Health receive instruction on confidential materials and this includes all employees of the Bureau. The regulation is redundant since the process referenced in NAC 442.080 occurs as a mandated aspect of Division policy and required trainings.

1) A description of the manner in which comment was solicited from affected small businesses, a summary of their response and an explanation of the manner in which other interested persons may obtain a copy of the summary.

Pursuant to NRS 233B.0608 (2)(a), the Division of Public and Behavioral Health requested input on multiple public health regulations from 9,053 individuals solicited via email and a stakeholder feedback meeting held on March 22nd, 2023.

A Small Business Impact Questionnaire was sent to 9,053 individuals on March 22nd, 2023. The questions on the questionnaire were:

- 1) How many employees are currently employed by your business?
- 2) Will a specific regulation have an adverse economic effect upon your business?
- 3) Will the regulation(s) have any beneficial effect upon your business?
- 4) Do you anticipate any indirect adverse effects upon your business?
- 5) Do you anticipate any indirect beneficial effects upon your business?

Summary of Response

Summary Of Comments Received (2 responses were received specific to NAC 442.080 out of 9,053 small business impact questionnaires distributed)			
Will a specific regulation have an adverse economic effect upon your business?	Will the regulation (s) have any beneficial effect upon your business?	Do you anticipate any indirect adverse effects upon your business?	Do you anticipate any indirect beneficial effects upon your business?
No (2 responses)	No (2 responses)	No (2 responses)	No (2 responses)

Number of Respondents out of 9,053 e-mailings and posting to the Division website	Adverse economic effect?	Beneficial effect?	Indirect adverse effects?	Indirect beneficial effects?

2) Describe the manner in which the analysis was conducted.

An email making stakeholders aware of a pending stakeholder feedback meeting was widely distributed on March 15, 2023, and the meeting was held with a physical and virtual option to attend on March 22, 2023. The Small Business Impact Questionnaire was distributed to 9,053 individuals, requesting feedback on multiple public health regulations. Of the questionnaires distributed, two responses for NAC 442.080 were received, indicating no adverse or beneficial direct or indirect effects or impacts of the proposed regulation deletion.

3) The estimated economic effect of the proposed regulation on the small business which it is to regulate including, without limitation both adverse and beneficial effects and both direct and indirect effects.

There is no adverse or beneficial estimated direct or indirect economic effect of the proposed regulation deletion.

4) Provide a description of the methods that the agency considered to reduce the impact of the proposed regulation on small businesses and a statement regarding whether the agency actually used any of those methods.

The Division of Public and Behavioral Health has held several opportunities including a meeting on March 22, 2023, for stakeholders to provide input and comments regarding the proposed regulation change,

including the economic impact the proposed regulation deletion may have on relevant stakeholders. Modifications to the proposed regulations have not been made or suggested as a result of this input. A Workshop will be held on April 21, 2023, allowing for further input by interested parties regarding the proposed regulations and how they will impact small businesses. Any future comments will be taken into consideration for possible further revisions to the regulations to prevent or reduce the economic impact on facilities.

5) The estimated cost to the agency for enforcement of the proposed regulation.

There is no estimated cost to the agency for enforcement of the proposed regulation.

6) If the proposed regulation provides a new fee or increases an existing fee, the total annual amount DPBH expects to collect and the manner in which the money will be used.

The proposed regulation does not provide a new fee or increase an existing one.

7) An explanation of why any duplicative or more stringent provisions than federal, state or local standards regulating the same activity are necessary.

There are no duplicative or more stringent provisions than federal, state, or local standards regulating the same activity.

8) Provide a summary of the reasons for the conclusions of the agency regarding the impact of a regulation on small businesses.

Pending any feedback from the public hearing on April 28 2023, currently there are no responses indicating any impact from the small business impact questionnaire mailed and posted on the Division website on March 22, 2023.
