Job Title: Executive Director Organization/Company: Nevada Cancer Coalition

***Why would you like to serve on CWCD?***

Having worked to improve the quality of life in Nevada for most of my career, I would be honored to serve on the CWCD in partnership with the other esteemed committee members. Nevada Cancer Coalition works diligently to prevent chronic disease and promote health; and has partnered with most of the Chronic Disease Prevention and Health Promotions programs along the way. Our work is data-driven and evidence-based, and I hope to bring not only the perspective of our stakeholders to the table, but also to share the voice of our communities in an advisory capacity to the CWCD. Thank you for your consideration of my application.

*Thank you for your service with CWCD.  
You are greatly appreciated!*

Job Title: Pediatrician Organization/Company: Community Health Alliance

Why would you like to serve on CWCD?

I am passionate about public health, particularly obesity prevention. Obesity is the number one health threat to our population, and we are not taking adequate action for a disease process that occurs in more than 1 out of 5 children and 1 out 4 adults in Nevada. Obesity is responsible for \$1.4 trillion in healthcare and societal costs in the U.S. annually. This is a complex problem that will take all facets of society in our State working together to create policy change and provide adequate funding to help turn the tide. There are good examples of community-based efforts that are effective in making a difference and I would like to help lead the charge.

Thank you for your service with CWCD. You are greatly appreciated!
