

Southern Nevada Behavioral Health Policy Board Community Stakeholder Survey (DRAFT)

INTRO EMAIL FOR SURVEY

Hello,

I am reaching out to you on behalf of the Southern Regional Behavioral Health Policy Board. The Board's role is to advise 3 state departments on the priorities for allocating resources specifically in Southern Nevada to develop behavioral health services. Engaging community stakeholders is critical to understanding the behavioral health needs and problems in our region from various perspectives, so the Board is sending this brief survey to many stakeholders to complete, including your organization. Members of the Board will take all responses into account when finalizing priorities and proposing plans to improve behavioral health services in Southern Nevada.

Thank you in advance for your time.
