- 3 Existing law requires each policy board to perform certain duties related to the

- 6 this bill authorizes a policy board to employ such staff as is necessary to carry out
- 7 the responsibilities of the policy board. **Section 2** requires the Division of Public
- 8 and Behavioral Health of the Department of Health and Human Services to provide
- 9 any additional personnel, facilities, equipment and supplies required by the policy
- 10 board to perform its duties.

12 contracts and agreements; (2) apply for and accept gifts, grants, donations and
13 bequests; and (3) award competitive grants to governmental entities and nonprofit
14 organizations for the provision of behavioral health services. **Section 3** also
15 authorizes a policy board to participate in other activities as necessary to address
16 the behavioral health needs of the behavioral health region, carry out its duties or
17 improve behavioral health services in the behavioral health region. **Section 3**
18 additionally prescribes requirements governing the accounting of gifts, grants,
19 donations and bequests accepted by a policy board. **Section 4** of this bill makes a

24 behavioral health services provided to recipients of Medicaid and recipients of
25 insurance provided pursuant to the Children's Health Insurance Program by
26 managed care organizations in the behavioral health region.

27 Existing law establishes certain mental health consortiums within this State to
28 develop and carry out a long-term strategic plan for the provision of mental health
29 services to children with emotional disturbance in the jurisdiction of the
30 consortium. (NRS 433B.333-433B.339) Under existing law, each mental health
31 consortium is required to submit its long-term strategic plan to the Director of the
32 Department of Health and Human Services. (NRS 433B.335) **Section 6** of this bill
33 requires each consortium to also submit its long-term strategic plan to each policy
34 board whose behavioral health region is within the jurisdiction of the respective
