RE: Letter of Interest in Serving as Vice Chair of the Rare Disease Advisory Council (RDAC)

Dear Mr. Filippi,

I am interested in serving as Vice Chair of the Nevada Rare Disease Advisory Council. I am a current member of the NV RDAC and have been active on many initiatives alongside of the current Chair, Amber Federizo.

Although, I am hopeful that our current Chair Federizo is allowed to complete her term as Chair, resulting in the current Vice Chair, Gina Glass also remaining in her position, making this letter of intent unnecessary. In the event that the RDAC Chair is required to step down based on her new employment, resulting in the opening up her position for the Vice Chair to fill, resulting in a vacancy of the current Vice Chair position, I am willing and interested in being considered for the Vice Chair position.

Attached you will find my current bio that includes links to view my current initiatives within the Nevada rare disease community; the 2020-2025 Strategic Plan for Cure 4 The Kids Foundation, the organization that I am Founder and CEO of, along with my publication of Hope Lives in Nevada; the Framework for a Statewide Strategy to Improve Cancer Care in Nevada.

I am confident that I bring the experience and the drive required to be effective in the position of Vice Chair for the Nevada RDAC. Please feel free to reach out to me directly if you have any questions or would like additional information from me.

Respectfully,

Annette Logan-Parker
President & CEO
