Management Memorandum 16-007

**DATE:** 11/10/2016  
**TO:** Current and Eligible Substance Abuse Treatment Providers  
**FROM:** Kyle Devine, Interim Bureau Chief   
**SUBJECT:** Provider Agreements revert to Sub Grants

The purpose of this memorandum is to notify all substance abuse treatment providers who may have already received new fee for service provider agreements, for the October 1, 2016 to September 30, 2017 project period, that the fee for service provider agreements are being reverted into sub grants. The provider agreements were rejected by the Attorney General's office due to required language changes impacting individual and professional insurance liabilities. As a result and if you were awarded funding through a fee for service provider agreement for the 2016-2017 project period, you will receive a sub grant in its place. Sub grants will be sent out starting Monday November 14, 2016. The sub grant will contain the same invoice for reimbursement that was attached to the provider agreements.

We anticipate submitting revised language to the Board of Examiners for approval in December. If the language is approved, the Bureau of Behavioral Health Wellness and Prevention may move forward with provider agreements for the future.
