Filed August 26, 2020

EXPLANATION – Matter in italics is new; matter in brackets [omitted material] is material to be omitted.

AUTHORITY: §1, NRS 439.190 and 439.200; §§2, 3 and 5-7, NRS 439.200, 439A.170 and 439A.175; §4, NRS 439.150, 439.200, 439A.170 and 439A.175; §§8 and 9, NRS 439.200, 439A.170 and 439A.180.

A REGULATION relating to the State Board of Health; revising requirements concerning publication of certain notice relating to the request for a variance from certain regulations; revising the application fee for a letter of support for the Physician Visa Waiver Program; revising requirements concerning the notification of patients of a J-1 visa physician of certain information; revising provisions governing the reporting of violations concerning the Program and disciplinary action for such violations; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes the State Board of Health to adopt regulations for certain purposes and hold hearings. (NRS 439.190, 439.200) Existing regulations authorize a person who is unduly burdened by a regulation of the Board and thereby suffers a hardship and the abridgment of a substantial property right to request a variance. (NAC 439.200) Existing regulations require the Secretary of the Board to provide public notice of the application and the date of the public hearing on the application by publishing the notice in newspapers of general circulation within the area affected by the requested variance. (NAC 439.220) Section 1 of this regulation removes the requirement that such notice be published in newspapers and instead requires the Secretary to publish such notice on the Internet website maintained by the Division of Public and Behavioral Health of the Department of Health and Human Services.

Existing law establishes the Physician Visa Waiver Program, whereby the Administrator of the Division oversees: (1) physicians who have graduated from a foreign medical school, hold a J-1 visa and a waiver of certain federal requirements and work at health facilities that serve patients residing in underserved areas; and (2) employers of such physicians. (NRS 439A.150, 439A.170) The Program is required to issue letters of support to the Waiver Review Division of
the United States Department of State stating that a request for a J-1 visa waiver by such a physician is in the public interest. (NRS 439A.160, 439A.170) Section 4 of this regulation removes a requirement that an applicant for a letter of support pay a fee that is based on the practice area and practice location of the physician and instead requires the applicant to pay a fee of: (1) $1,000 for a nonprofit organization; or (2) $2,000 for any other applicant. Section 2 of this regulation revises provisions concerning payment of the application fee for a letter of support. Sections 2, 5 and 8 of this regulation revise certain contact information for the Division.

Existing regulations require the employer of a J-1 visa physician to post a sign in the waiting room of each location where the J-1 visa physician works stating that: (1) fees based on a sliding scale are available to certain patients who demonstrate financial need; and (2) patients will be provided care and services regardless of ability to pay. (NAC 439A.735) Section 6 of this regulation alternatively authorizes the employer to instead provide written notice of that information to patients.

Existing regulations require a J-1 visa physician to work at a location which is identified on the petition submitted by the J-1 visa physician to the Waiver Review Division. (NAC 439A.735, 439A.740) Sections 6 and 7 of this regulation remove that requirement and instead require a J-1 visa physician to work at a location approved by the Administrator.

Existing regulations require the Administrator to report a violation of provisions of law or regulations governing the Program that affects the health and safety of a patient to the Board of Medical Examiners. (NAC 439A.745) Section 8 of this regulation alternatively authorizes the Administrator to report such a violation to the Bureau of Health Care Quality and Compliance of the Division, which regulates medical facilities and facilities for the dependent. (Chapter 449 of NRS, chapter 449 of NAC)

If an employer violates provisions of law or regulations governing the Program, existing regulations require the Administrator to: (1) impose a fine for a first or second offense; and (2) withdraw the support of the Division for the employer’s participation in the Program for a third offense. (NAC 439A.750) Existing regulations prohibit the Administrator from issuing a letter of support to an employer who was penalized for a violation of requirements concerning the Program or federal immigration law within the immediately preceding 2 years. (NAC 439A.725) Section 9 of this regulation authorizes rather than requires the imposition of certain penalties. Section 9 also authorizes an employer for whom support has been withdrawn to apply for reinstatement not sooner than 2 years after the withdrawal. Section 3 of this regulation removes the prohibition on the issuance of a letter of support to an employer who has been penalized but for whom the Administrator has not withdrawn support.

If a J-1 visa physician violates provisions of law or regulations governing the Program, existing regulations authorize the Administrator to report the violation to the United States Citizenship and Immigration Services and the United States Department of State and recommend

--2--
Approved Regulation R017-20
that the J-1 visa waiver of the J-1 visa physician be revoked. (NAC 439A.750) Section 9 removes authorization for the Administrator to report the violation to the Department of State.

Section 1. NAC 439.220 is hereby amended to read as follows:

5. A cost analysis was conducted to determine a reasonable price based on costs to administer the program. Similarly, a survey was issued to other J-1 programs across the nation and it was determined that the proposed fee schedule was on par with other states. Finally, to address the concerns about nonprofits, staff conducted a longitudinal study of participation in the program by nonprofits. Staff created an erratum reducing the fee for nonprofits to $1,000 based on the results of the analysis.

6. Anticipated effects on the businesses which NAC 439.220 and 439A regulates:
   \textit{Adverse effects:}
   \begin{enumerate}
   \item The proposed changes include a modest application fee increases for a J-1 visa waiver application to cover increased costs for program administration and monitoring. The current fee schedule ranges from $500 to $1400. The cap was increased to $1,000 for nonprofits, and $2,000 for all other businesses under NRS 439A.170.
   \item \textit{Beneficial:} Any business regulated by the Division will be able to apply for a variance without any associated costs.
   \item \textit{Immediate:} ability to apply for variance if experiencing a hardship. The simplified fee schedule for the J-1 Visa Waiver program helps increase the efficiency of the application process for J-1 physicians and businesses.
   \item \textit{Long-term:} The same as the immediate effect.
   \end{enumerate}
   \textbf{Anticipated effects on the public:}
   \begin{enumerate}
   \item \textit{Adverse:} There are no adverse anticipated effects on the public.
