Nevada Legislative Commission
Grant Sawyer State Office Building, Room 4401
555 E. Washington Ave.
Las Vegas, NV.

Dear Chair and Members of the Legislative Commission -

The HIV Modernization Task Force has been hard at work in monitoring the implementation of SB275. We've conferred with a significant number of the stakeholders who are directly impacted by the changes this legislation required to learn where areas of opportunity are to improve its implementation or shore up and unintended consequences of the policy.

Additional requirements of this legislation require this task force to compose a report for the Office of the Governor and the Legislative Counsel Bureau. Please consider this correspondence a formal request of extension for this report. We would greatly appreciate more time to adequately capture our findings and future recommendations.

Thank you for your consideration.

Sincerely yours,

Quentin M. Savvoir, Chair
HIV Modernization Task Force
