## I. Introduction

This instruction packet has been developed to help you with completing the immunization reporting survey.

- See Nevada's current immunization requirements at [https://dpbh.nv.gov/Programs/SIP/dta/School\\_Requirements/School\\_Requirements/](https://dpbh.nv.gov/Programs/SIP/dta/School_Requirements/School_Requirements/).

## II. Grades Reported

For all questions, include all current students enrolled in kindergarten, seventh (7<sup>th</sup>), and twelfth (12<sup>th</sup>) grades only.

- Per Nevada Revised Statute [\(NRS\) 392.435](#), public schools and the governing body of each charter school are **required** to report to the Division of Public and Behavioral Health the exact number of students who have completed the immunizations required for enrollment by December 31<sup>st</sup> of each year.
- Do **not** include information on pre-school or pre-K students in the responses.
- Children who are students of distant learning programs (such as online schools) that participate in any activities on a school campus, such as sports, **should** be included in your school's total count.
- Please review and validate the online information prior to submitting your school's immunization information.
- Please fill out all required sections. Do **not** leave any sections blank.
- You will not be able to complete the survey unless entry is made in all fields.
- **If your school's information is incorrect, you will be contacted by the Nevada State Immunization Program.**
- **If you do not submit your immunization information by December 31<sup>st</sup>, you will be contacted by the Nevada State Immunization Program.**

## III. Exclusion from Reporting

- Children who are entirely home-schooled and **do not** participate in any activities on a school campus **do not** need to be included in the school immunization reporting.

## IV. Access to Immunize Nevada Website

To access the annual immunization reporting survey online:

- Go to <https://www.immunizenevada.org/submit-rates>
- Click on the appropriate link.
- Reports must be entered online by December 31<sup>st</sup> of the reporting year.
- See the following instructions for school immunization reporting submission.

## V. Getting Started

- Collect Infinite Campus immunization records for all kindergarten, 7<sup>th</sup> grade, and 12<sup>th</sup> grade students.
- [SEE APPENDIX D](#) for Nevada immunization requirements and resources.
- **Each school will submit the total counts rather than immunization percentages.**

- Schools with multiple campuses must submit each school separately. For example, Sunshine School has three campuses and will submit immunization information separately for the Happy Campus, the Smile Campus, and the Bright Campus.
- Go to <https://www.immunizenevada.org/submit-rates>.

Submit immunization rates — it’s important, it’s easy, and it’s the law.

NRS 392.435, NRS 394.192, NRS 432A.235, and NRS 432A.230 require that before December 31 of each year, each public school, private school, and child care facility shall report the exact number of pupils who have completed the immunizations required for enrollment. Immunize Nevada is collecting this information on behalf of the Nevada State Division of Public and Behavioral Health. Submitting your child care or school’s information through this webform fulfills this statutory requirement.

- Click on the “Submit Immunization Rates for a School” link.

Submit immunization rates — it’s important, it’s easy, and it’s the law.

- You will be redirected to a separate page.
- Fill out all required sections. Do **not** leave any sections blank.
- You will not be able to complete the survey unless entry is made in all fields.

## VII. Kindergarten Grade

- Answer the question, “Do you have students enrolled in kindergarten?”
- If you have students enrolled in kindergarten, click the “Yes” button.
- If you do **not** have students enrolled in kindergarten, click the “No” button.
- Click the “Next Page” button.
- If you clicked “Yes”, you will be directed to answer kindergarten questions.
- If you clicked “No”, you will be directed to the 7<sup>th</sup> grade section.

## VIII. Collecting Data

- Please use your school’s Infinite Campus report to complete the survey.
- Total enrollment: the total number of students in your facility.
- Total number up-to-date (UTD) by vaccine: count the number of students who are up-to-date for each of the vaccines listed on the survey. **Do not** count medical exemptions, religious exemptions, and conditional enrollment as UTD.
- Total number medically exempt: the parent/guardian has provided a Nevada Division of Public and Behavioral Health State Medical Immunization Exemption Certificate signed by a licensed physician (MD or DO) or an Advanced Practice Registered Nurse (APRN) stating that the medical condition of the student will not permit the student to be immunized.
  - [SEE APPENDIX D](#) for the Nevada Standardized Medical Immunization Exemption Certificate.
- Medical exemptions by vaccine: count the number of students who have medical exemptions for each of the vaccines listed on the survey.
- Total number religiously exempt: a Nevada Division of Public and Behavioral Health State Religious Immunization Exemption Certificate was provided by the parent/guardian who prohibits the immunization of the student due to religious beliefs.
  - [SEE APPENDIX D](#) for the Nevada Standardized Religious Immunization Exemption Certificate.
- Religious exemptions by vaccine: count the number of students who have religious exemptions for each of the vaccines listed on the survey.
- Total number conditionally enrolled: the student does not have required immunizations due to the minimum age requirements and/or dose intervals and is in the process of completing the series of shots.
- Total number of students non-compliant: the students does not have required immunizations, does not have a signed medical or religious exemption, and is not considered conditional.

## IX. Infinite Campus Report

- Go to the Immunization Summary for the Infinite Campus report.
- Go to the “Health” section, then to “Reports”.
- Select grade level.
- Change the effective date to the first day of school.
- Select all vaccine compliance totals and compliance totals by vaccine.
- Do **not** select dose count totals by vaccine.
- Select the vaccines you would like to include in the report.

- For kindergarteners, select DTaP, Hep A, MMR, Hep B, Polio, and Varicella.
  - For 7<sup>th</sup> and 12<sup>th</sup> graders, select Meningococcal, Tdap, MMR, Hep A, and Varicella.
- Use this report to answer kindergarten, 7<sup>th</sup> grade, or 12<sup>th</sup> grade questions.

**X. Students Enrolled in Kindergarten (SEE APPENDIX B)**

- Please answer questions for the following vaccines only: DTaP, Hep A, MMR, Hep B, Polio, and Varicella.
  - Find the grade level on the left-hand side.
  - Do **not** include 'age' or 'previous NV school' exemption codes when completing the survey. Please disregard those codes.
  - This is a sample of an Infinite Campus report and may not look exactly like your school district's Infinite Campus report.
- **(Question 1)** Total # of students enrolled in kindergarten

## APPENDIX D: IMMUNIZATION REQUIREMENTS RESOURCES

As of the [2019-2020 school year](#), it is necessary for children being admitted to early education programs, preschool, and kindergarten in Nevada to receive all required vaccines at the youngest recommended age per the recommendation of the Centers for Disease Control and Prevention (CDC) Advisory Committee on Immunization Practices (ACIP) [Immunization Schedule](#). For example, the 5<sup>th</sup> dose of DTaP is recommended between 4 and 6 years of age. The 5<sup>th</sup> dose of DTaP vaccine is required at 4 years of age if the child is enrolled in a school in Nevada.

If a child turns an age that meets the youngest recommended age to receive the required vaccines (i.e. DTaP at 4 years old), after enrollment, child care, and/or accommodation facility entry, the child has *30 days* to complete the required immunizations pursuant to Nevada Revised Statute ([NRS 432A.230](#) and [NRS 432A.235](#)).

### **Resources for Immunization Requirements and COVID-19 Response**

Immunization requirements and COVID-19 resources are available to provide equitable access to vaccinations:

- Connect with local health care providers, pharmacies, community/public health nurses, or county health districts for access to vaccines or visit <https://www.vaccines.gov/> for COVID-19 and flu vaccines.
- Current Nevada Division of Public and Behavioral Health school, child care, and accommodation facility requirements:

### **Exemptions**

As of July 2021, medical and religious immunization exemptions must be submitted on a standardized Nevada Division of Public and Behavioral Health form (see the Immunization Exemption Requirement Technical Bulletin). Children may be exempt from immunization requirements for the following reasons (on page 23):

- **Medical Exemption:** Requires a Nevada Division of Public and Behavioral Health State Medical Immunization Exemption Certificate signed by a licensed physician (MD or DO) or an Advanced Practice Registered Nurse (APRN) stating that the medical condition of the student will not permit the student to be immunized.
- **Religious Exemption:** Requires a Nevada Division of Public and Behavioral Health State Religious Immunization Exemption Certificate signed by the parent or guardian who prohibits the immunization of the child due to religious beliefs.

The standardized immunization exemption forms and resources can be found at:

### **Exclusion**

Per [NRS 432A.230](#) and [432A.235](#), unless excused because of a religious belief or medical condition, a child must be up-to-date, or the child may not be admitted to any child care and/or accommodation facility within Nevada.
