3. **Discuss and approve the Meal Procurement Annual Report**

   Laura Urban provided an overview of the Meal Procurement Annual Report Draft. The report can be found [here](#). The report will be updated as more information and food rescue/donation data is available.

   Ms. Baxter suggested including food rescue information/data for the rural areas and looking beyond hot perishable food rescue and focusing on donations from Rural farmers and ranchers.

   Ms. Tyson suggested conducting an environmental scan of food rescue/donations in rural areas. This will help expand the FFPNL Program baseline data and give the Subcommittee a better understanding of what food rescue efforts exist outside the two (2) food banks’ network.

   Ms. Baxter stated Catholic Charities of Northern Nevada (CCNN) could conduct the environmental scan in Northern Nevada. Ms. Baxter will connect with Ms. Urban to schedule to discuss next steps.

   Ms. Tyson also suggested the development of a toolkit to assist partners participating in the FFPNL Program.

   The Subcommittee agreed. The Subcommittee came to the consensus that toolkit development could be divided among subcommittee members based on their area of expertise.

   The Subcommittee discussed how to develop the FFPNL five (5) year goal, which is required per Senate Bill 178. The Subcommittee agreed the statewide environmental scan should be conducted before developing the program five (5) year goal.

   Brittany Price agreed the environmental scan should take place prior to establishing the five (5) year goal. She stated the Subcommittee did have access to sufficient donation data to establish an estimated, flat rate goal though. For instance, to increase total donations by twenty percent.
Ms. Tyson suggested an additional meeting to discuss the development of the FFPNL five (5) year goal. She stated Ms. Urban will reach out to Subcommittee members to schedule the meeting.

4. Update on FFPNL program seal development
Ms. Tyson summarized the purpose of the FFPNL seal. Once finalized, the FFPNL seal will be shared with participating organizations meeting criteria established by the FFPNL Subcommittee. The seal will be used by the participating organization to demonstrate their involvement in the FFPNL program and their commitment to decreasing food waste in Nevada.

Ms. Urban presented two (2) FFPNL seal drafts for the Subcommittee’s consideration. Ms. Urban suggested that FFPNL seal’s color scheme align with that of the DHHS logo.

The FFPNL Subcommittee made recommendations for the FFPNL seal.

Ms. Urban stated she will share the recommendations with the DHHS Public Information Officer. The updated seal will be shared with the FFPNL committee at the November 2020 meeting.
