**DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADVISORY COMMITTEE ON THE STATE PROGRAM FOR ORAL HEALTH**

BYLAWS

**ARTICLE I
NAME**

- A. The name of this advisory committee shall be the **ADVISORY COMMITTEE FOR THE STATE PROGRAM FOR ORAL HEALTH** as described in NRS 439.2792.

**ARTICLE II
PURPOSE and ROLE**

- A. Pursuant to NRS 439.2792(1), the purpose of this Advisory Committee shall be to advise and make recommendations to the Division of Public and Behavioral Health of the Department of Health and Human Services (hereinafter referred to as “the Division”) concerning the Oral Health Program.
- B. The role of this Advisory Committee shall be to support the Division to promote the health and well-being of Nevadans through the delivery or facilitation of essential services to ensure families are strengthened, public health is protected and individuals achieve their highest level of self-sufficiency.
- C. The role of Advisory Committee members will be to represent the best interests of the program in all public communications. Official statements regarding the program must be approved in advance by the Administrator of the Division (hereinafter referred to as the “Administrator”).

**ARTICLE III
DUTIES**

- A. The Advisory Committee shall:
- a. Assist Division staff in determining the needs of local communities and in setting priorities for the promotion of oral health;
 - b. Assist in the development of performance indicators, accountability measures, reporting requirements and program policies.

**ARTICLE IV
MEMBERSHIP and TERMS**

- A. The Advisory Committee shall be composed of thirteen (13) members appointed by the Administrator from a list of persons provided by the Advisory Committee which meet the criteria described in NRS 439.2792(2).
- B. Pursuant to NRS 439.2792(3), members shall serve a two-year term. Any member of the Advisory Committee may be reappointed.

- C. Each member is expected to participate in a majority of the meetings and activities. The Advisory Committee may, after discussion, request a member resign due to absences.
- D. Any member may be removed from the Committee with or without cause by an affirmative vote of the majority of members present at a regularly called meeting when a quorum is present. A fifteen (15) day written notice of the proposed removal shall be given to all members with the notice of the meeting. The member sought to be removed will be given fifteen (15) day written notice informing him or her of the proposed removal and providing the opportunity to be present, to be heard and to vote at the next meeting at which his or her removal is considered or sought. The written notice shall be sent to the most recent electronic mail address with return receipt and/or certified mail with return receipt provided by the member.
- E. Upon the occurrence of any vacancy, the Advisory Committee shall make recommendations to the Administrator to appoint a new member. When a member is appointed to fill an unfinished term, that member shall complete the unfinished term and will be eligible to be appointed for additional terms.

**ARTICLE V
OFFICERS**

- A. The Advisory Committee shall:
 - a. At the first meeting of the biennium, the Advisory Committee shall elect a Chair as required by NRS 439.2792(7) and a Vice Chair from among its members.
 - i. The nominee receiving the highest number of votes for each of the two positions shall serve in the respective office.
 - b. The Chair shall preside at all meetings and generally supervise the affairs of the Advisory Committee, or designate a representative to do so.
 - c. The Vice Chair shall assist and assume the duties of the Chair in case of his absence.
 - d. Terms of office shall be for one (1) year with eligibility for re-election for one additional consecutive term.

**ARTICLE VI
MEETING PROCEDURES and PROTOCOL**

- A. The Advisory Committee shall:
 - a. As specified in NRS 439.2792(7), meet at the call of the Director of the Department of Health and Human Services, the Chair or a majority of its members as necessary, within the budgetary constraints of the Advisory Committee, but not to exceed six meetings per year; and
 - b. Adopt rules for its own management and government.

- B. A majority of the members of the Advisory Committee constitutes a quorum for the transaction of business, and a majority of a quorum present at any meeting is sufficient for any official action taken by the Advisory Committee pursuant to NRS 439.2792(6).
- C. All proceedings and actions shall be conducted in accordance with the Nevada Open Meeting Law in Chapter 241 of the Nevada Revised Statutes.
- D. Advisory Committee members shall, to the extent practicable, inform department staff at least twenty-four (24) hours in advance of an anticipated absence.
- E. In the event that a videoconference is scheduled to accommodate Advisory Committee members or the public, the following procedures will be observed:
 - a. Speakers will identify themselves to the Chair for the benefit of remote participants;
 - b. The Chair will restate the names of members who make and second motions requiring action;
 - c. All members will facilitate the process by observing the following:
 - i. Refraining from informal speech or conversation that is not intended for public consumption;
 - ii. Proactive inclusion of members from remote sites; and
 - iii. Attentiveness to speakers from remote sites.

**ARTICLE VII
WORK GROUPS**

- A. The Chair of the Advisory Committee or Interim Chair if a Chair has not been appointed may appoint groups composed of members of the Advisory Committee, former members of the Advisory Committee and members of the public who have relevant experience or knowledge.
- B. Work groups may be formed for the purpose of considering specific problems or matters related to and within the scope of activities of the Advisory Committee.
- C. Work groups may take action with a majority of members present.
- D. Work groups are subject to the open meeting law requirements (posting of agenda, minutes, etc.).
- E. All recommendations approved by work groups will be forwarded to the Oral Health Advisory Committee for further action.

**ARTICLE VIII
EXPENSES**

- A. All members of the Advisory Committee will serve without compensation, while engaged in the business of the Advisory Committee.

- B. While engaged in the business of the Advisory Committee, each member of the Advisory Committee may be entitled to receive the per diem allowance and travel expenses provided for state officers and employees as set forth in NRS 439.2792(4).
- C. As described in NRS 439.2792(5), a member of the Advisory Committee who is an officer or employee of this State or a political subdivision of this State must be relieved from his duties without loss of his regular compensation so he may prepare for and attend meetings of the Advisory Committee and perform any work necessary to carry out the duties of the Advisory Committee in the most timely manner practicable. A state agency or political subdivision of this State shall not require an officer or employee who is a member of the Advisory Committee to:
 - a. Make up the time he is absent from work to carry out his duties as a member of the Advisory Committee; or
 - b. Take annual leave or compensatory time for the absence.

ARTICLE IX
CONFLICT OF INTEREST

- A. The Department of Health and Human Services will survey its Advisory Committee members annually to collect information regarding their affiliations outside the department. Each member is responsible for fully disclosing all current affiliations.
- B. Conflicts of interest must be declared by members prior to discussion of any matter that would provide direct financial benefit for that member, or otherwise have the appearance of a conflict of interest. When funding or other decisions are made regarding an organization with which the member has an affiliation, the member shall state his intention to abstain from making specific motions or casting a vote, before participating in related discussion. The Chair or a majority of the Advisory Committee may also declare a conflict of interest exists for a member, and ask that the member be removed from the voting process.

ARTICLE X
AMENDMENTS

- A. These operating procedures may be altered, amended, or repealed by a majority of the Advisory Committee members at any of its regularly scheduled meeting subject to affirmation of the Administrator.

RE: Application to the Committee

Esteemed Committee members:

Improving healthcare delivery for children that is efficient and equitable continues to drive my practice and passion. My career in the United States as a physician has been dedicated to delivering care to the underserved pediatric population. First, as a Pediatric resident at the University of South Alabama Residency program in Mobile, Alabama followed by continuing to work in Alabama after graduation for Pediatric Associates of Alexander City. This rural practice served primarily Medicaid recipients. For the last three years, I have been practicing for the University of Nevada, Reno School of Medicine as an Assistant Professor of Pediatrics. Most of my time is spent working through Renown Children's Hospital at their Medicaid exclusive clinic. This clinic is unique to this area in its service and complex care to Medicaid recipients. Alabama and Nevada have many things in common; both have large rural areas where health care delivery is difficult and both have a disproportionate amount of children on Medicaid or uninsured.

Inequitable distribution of access to healthcare and the resultant poor outcomes is a common denominator in my pediatric practice experience. This has been the most evident when concerning dental health for children. In my time practicing in Washoe County, I have seen poorer dental health in our pediatric population than I have seen during my career as a clinician in the United States. Part of the discussion has been directed towards lack of fluoride in our public water sources, but education, available services and outreach are in my opinion the main reasons why this continues to be an exceedingly common concern, especially for our underserved.

This is an example of inequity that I have tirelessly tried to remedy. In collaboration with the Healthy Smile/Healthy Child program we created a Dental screening program out of our office which was successful in identifying and delivering education to reverse unhealthy habits consistent with poor dental hygiene. I am involved within Renown health to capitalize training and implementing fluoride varnish done at Well Child Exams as per Bright futures and the American Academy of Pediatrics' recommendations for our pediatric clinics. In light of my interest and work, I was appointed to the Northern Nevada Dental Health Programs as one of the Board of Directors, where I work to provide a Pediatrician's opinion and expertise on how to improve education and outreach. Being part of your Committee will help further these same goals on a wider scale and having the experience mentioned above, Dr. Max Coppes asked me to apply to your position as his term was ending.

I thank you in advance for your consideration and good will.

Dear Dr. Capurro,

I would like to take this time to share with you my continuing interest to serve as a member of the AC4OH committee. Being a part of this committee has opened my eyes to the ongoing need for change on oral health issues in Nevada. I have enjoyed being a part of a strong and dedicated group of dental leaders in Nevada. It would be my honor to carry on as a member of this committee. Also, as an MPH student at UNLV, I have become more familiar with health care issues at a larger scale and would like to be able to help.

Please consider me as your form your new committee.

Sincerely,

Tina Brandon Abbatangelo DDS

Objective

To be considered to continue as a member of the Advisory Committee on the State Program for Oral Health (AC4OH)

Experience

Visiting Assistant Professor of Clinical Sciences and Clinical Director of **UNLV Smiles Dental Clinic** ~May 2014-present.

I monitor, supervise, and guide 3rd and 4th year dental students as they diagnose oral disease, promote oral health and disease prevention, create treatment plans to restore the oral health of patients, interpret radiographs and diagnostic tests, and perform dental procedures on teeth, bone, and soft tissue of the oral cavity. I am skilled in performing operative, cosmetic, removable, and fixed prosthodontics procedures, also selective procedures in oral surgery, pedodontics, and endodontics.

Worked in a group dental practice May 2011-May 2014

General dentist diagnosing oral disease, promoting oral health and disease prevention, creating treatment plans to restore the oral health of patients, interpret radiographs and diagnostic tests, and perform dental procedures on teeth, bone, and soft tissue of the oral cavity.

Past Owner of Brandon Family Dental June 2004-January 2010

I owned and operated my private practice. I worked with 2 hygienists as well as a part time Endodontist. I employed one associate for a year before I sold my dental practice to a group practice.

Peter Emily Veterinary Dental Foundation February 2004-present

I volunteer my time with PEIVDF performing necessary dental procedures on captive exotic animals including large cats, bears, chimpanzees, wolves, etc. I also teach hands-on dental procedures to veterinarians and lecture on primate dentistry with this organization at animal dentistry forums. I also serve on their dental advisory committee and have been elected as the board's Secretary.
