Virtual Palliative Care Awareness & Education Day

Celebrating
National Healthcare Decisions Day

Wednesday April 16th, 2025
9am to 2pm

Our virtual sessions will bring together clinic colleagues and peers throughout the state to share best practices, while also giving guidance for better understanding of the specialty and the importance of advance care planning.

Attend this **FREE** conference and learn about the current trends in Palliative Medicine. Palliative Care Clinical Education (CME/CEU available)

Nevada POLST

The Palliative Care awareness & education day is designed for physicians, physician assistants, residents, fellows, advanced practice nurses, nurses, pharmacists, social workers, spiritual counselors or other members of the health care team interested in acquiring, maintaining and/or expanding the skills needed to effectively use palliative care resources to improve outcomes and quality of life for patients. Each session will emphasize the importance of advance care planning while sharing state and national resources.
