

Interpreting Physicians Adding and Deleting of Physicians

Documentation of physicians qualifications will not be required, only a letter to Carson City requesting to add or remove an interpreting physician(s) will suffice. It is the mammography facility's responsibility to ensure that the person: (a) must be a physician licensed pursuant to chapter 630 or 633 of NRS; and (b) must satisfy the qualifications for an interpreting physician set forth in 21 C.F.R. § 900.12(a)(1).

Mammography facilities that perform mammograms will be required to submit to Carson City, interpreting physicians qualifying documents at time of renewal or at time of an application for a new machine.

You may request from the Carson City office a current list of your physicians.
