

Technical Bulletin

Division of Public and Behavioral Health

Date: August 12, 2016

Topic: Identification Cards for Nonresident Medical Marijuana Patients

Contact: Steve Gilbert, Medical Marijuana Program Manager

To: Nevada Medical Marijuana Dispensaries

Identification Cards for Nonresident Medical Marijuana Patients

This bulletin supplements the bulletin issued on August 3, 2016. It replaces certain portions under the title "Process." Namely, each paragraph and bullet point after the first paragraph is replaced with the following language as it pertains to reciprocity requirements and the documentation required related to nonresident sales:

The Division will immediately initiate the regulation promulgation process to address reciprocity requirements and documentation retained by the dispensary for sales to out-of-state patients. Efforts will include stake holder meetings and public workshops to discuss and implement regulatory language consistent with Chapter 453A of the Nevada Revised Statutes. It is the intention of the Division to engage industry and the public to develop regulations that provide safeguards against fraud and abuse while meeting the medical needs of the visitors and residents of Nevada.
