

Radiation Producing Machine Registration for Medical Physicist

Medical physicists who test, calibrate, or service Radiation Producing Machines (RPM), including mammography machines, or provide services that involve the operation of a RPM, must register as a service provider.

- Individual
- Business

Name of person responsible for maintaining the registration:

Name: _____ Email: _____
Phone: _____

Individual or Business Name of Service Provider(s): _____

Phone: _____ Email: _____

Address: _____

If a Service Provider provides an electronic brachytherapy system, NAC 459.581 applies. NAC 459.581 can be accessed at:

[https://www.leg.state.nv.us/Division/Legal/LawLibrary/NAC/NAC-459.html#NAC459Sec150.](https://www.leg.state.nv.us/Division/Legal/LawLibrary/NAC/NAC-459.html#NAC459Sec150)

Required Information:

Nevada Secretary of State Business License: _____

Describe the types of services and/or work that will be performed.

Describe the Education, Training, and Experience, including certifications or degrees for each employee, that demonstrates they are qualified to perform the services and work listed above. You may attach other pages to this application. Business can describe their

training program or requirements and then provide a list of trained employees covered under the registration.

NOTICE:

Please add any additional employees on a separate sheet.

If any of the above information changes, the applicant must notify the Radiation Control Program by entering the updated information into their CLICS account or by email to radiationcontrolprogram@health.nv.gov.

NOTICE:

Additional information will be required at inspection for anyone providing services (of any type) on Mammography Quality Standards Act (MQSA) mammography machines.

The undersigned hereby certifies that the information stated above is correct.
